History Proves Our Excellence

We are glad to attend Artesia. The students here are pleased to achieve an academic excellence to enrich our education. And behind all students of superior quality is a superior staff. We know our instructors have persevered to supplement our education with dedication. Also, without the administration, Artesia would not be the advanced institution it is. It is good that our school was recognized as an exemplary school. Nothing can be more gratifying for an Artesian. I have the greatest honor in being a part of this school and am proud to be an Artesian.

Page 4 Clockwise: Margot Gutierrez and Jocelyn Romero excel even in their dreams at Artesia High School library. Cooperative Learning has been a real help for students Ed Reyes, Nikki Lawrence, and Rudy Cruz. Artesians stand proudly among our many trophies and awards. **Page 5 Clockwise:** Ms. Stonbraker, Mr. Miller, Mr. Stonbraker, and Mr. Atterbury work on exercises designed to refine their teaching skills. Cerise Snuggs drives in for a lay-up against Pius X. Dr. Eugene Tucker, Eric Vautour, Michelle Thomas, Carolyn Wingate, and Mrs. Clisby pose with the Exemplary School Award given to Artesia High last year for its excellence in education.

Striving for Even Better

You asked for it! Artesia's got it! We've got everything! Artesia the beautiful, Artesia the majestic, Artesia the Number One. With the UNBEATABLE combination of students and staff, we can't help but be the best. And our perseverance will take us even farther. Our students continue to strive for the highest; we continue to excel in all. Our CAP scores and proficiency scores consistently improve. Artesians participate in academic competitions like the Decathlon. Our band persists in its practice and performance. Our athletic teams seek perfection. We achieved so many things this year. They are countless. And that's no surprise with all the staff behind us one hundred percent. We've got trophies for sports, band, cheerleading, and academics. Just go check out our many trophy cases. But we're not stopping. No. We will always continue to be even better, to achieve even greater. Artesia is Number One and with our dedication to excellence, it will always be Number One.

Page 6 Clockwise: The intense looks of Helen Moon and Ramon Gil were captured at the Academic Decathlon. Always Staying Involved

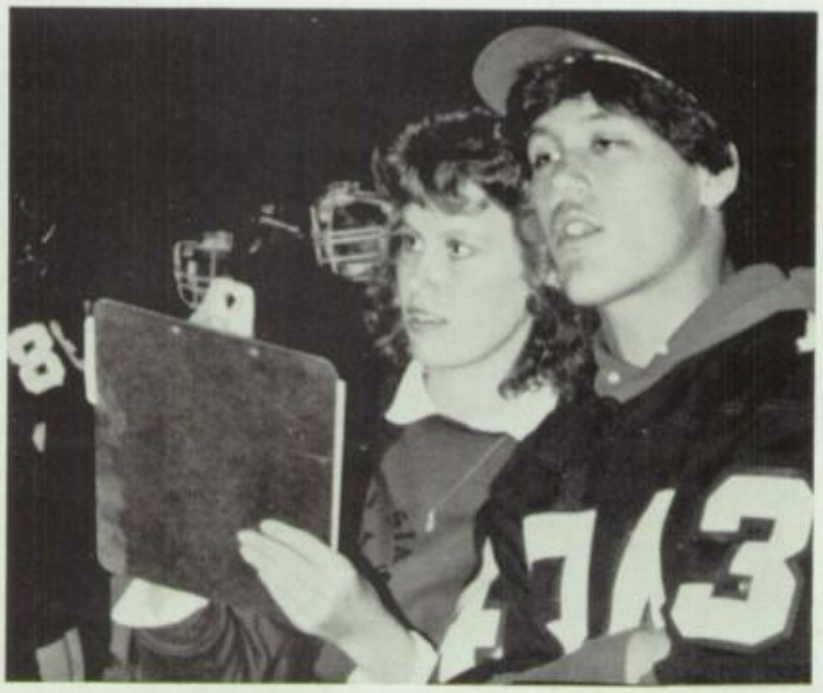
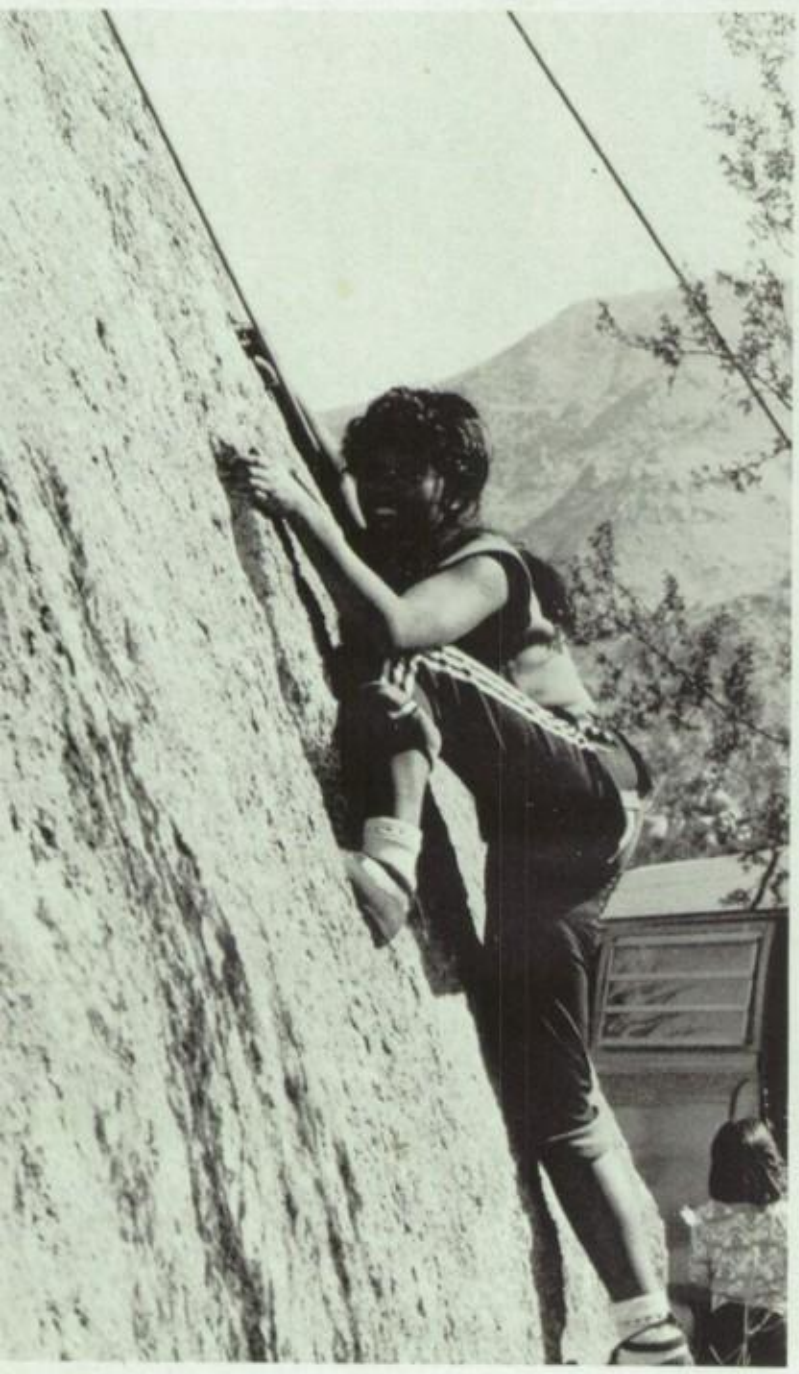
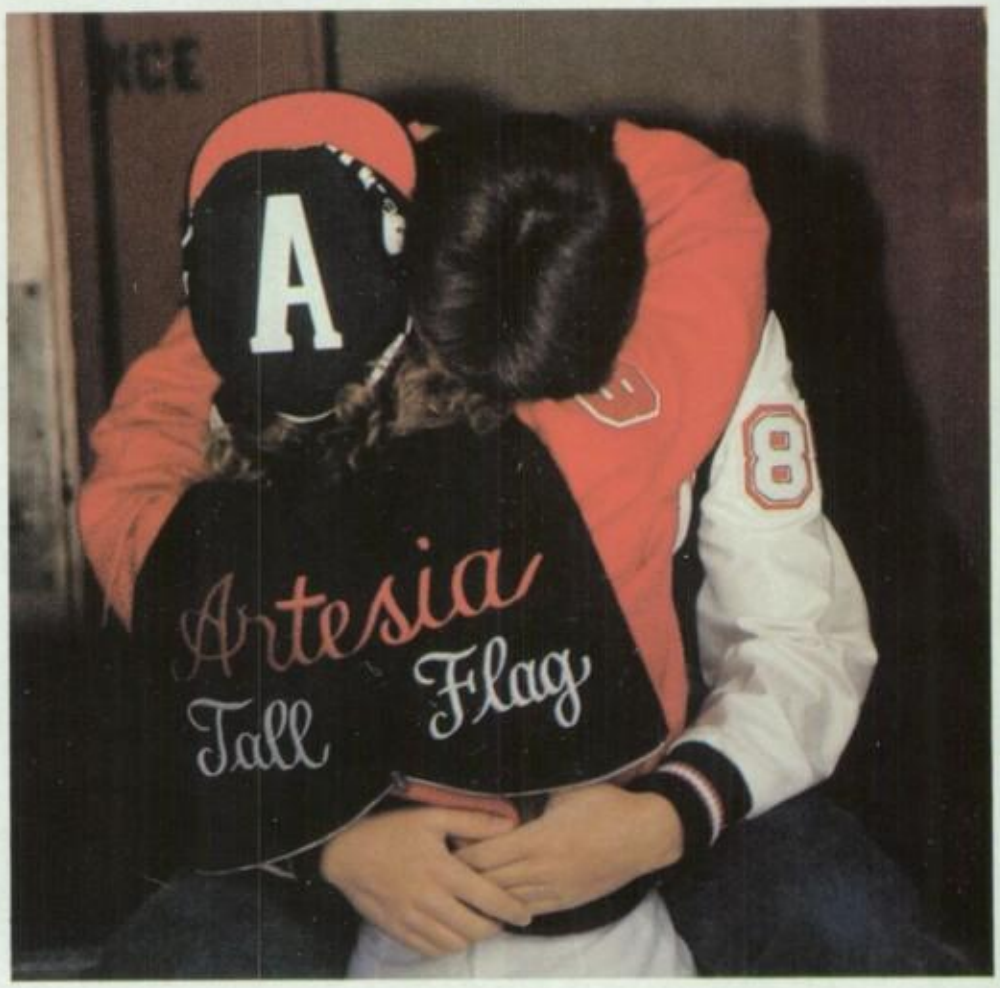
The students at Artesia love to get involved. We have a school full of spirited people. Do you want to see? Come any Red, Black and White Day and you'll see Artesians in their school colors showing their pride. Come any Rally Day. You'll see most of the school in the gym screaming in support of their sports teams. Artesians take part in so many things. Clubs abound on our campus. Our elective program is full. Students spend their extra time participating in speech contests, rock climbing, choral performances and plays. And how do the average Artesians have a little more fun during their school hours? Ask anyone dressed up like a vampire or a wizard for Halloween. Artesians are active. We support our school. We know Artesia can only be better through our involvement. And we are involved.

Page 8 Clockwise: Mrs. Diaz-Miller demonstrates the making of bows for Pat Johnson, John Aoki, and Tracy Wright. Our Student Body President, Lorri Johnson, cheers the crowd on at a morning rally. Undaunted by the new student, Ms. Evans' second period keeps working on. Stacy Evans, Eric Wilson, Mike Datcher, and Eric McCain are fun rocking and getting crazy to the tunes of Prince and the Revolution. **Page 9 Clockwise:** Delivering Birthday Grams from thoughtful students, Awilda Delgado and Sid Stafford search for the lucky recipient. Al Rodriguez asks stat girl Rachelle Parsons what the score is at a varsity football game. Gunnar Seedburg and Jeannie Hughes try to figure out how to get high on themselves during Artesia's special Get High on Yourself program. Showing us his expertise in the martial arts is David Woo. Janet Bugay climbs toward new heights on the October rock climbing trip.







We'll Never Forget . . . Artesia

It is the end of the year, and we face the world of tomorrow. Yet it is important to recall the past. We came to this school as children, ignorant, naive, and defiant; and we leave as young adults, responsible, civilized, and innovative. Artesia has taught us many good lessons which will allow us to make the right decisions in times of confusion. Each of us grew, not just in physical characteristics, but in mental characteristics. Our ability to perceive what is right and what simply appears to be right has been enhanced. And now, as we prepare to move on, all we have to guide us as model citizens is what Artesia High has taught us. It is more than enough.

Page 10 Clockwise: Senior Square has always been a tradition at Artesia High. Two will remember the tenderness. Artesians Ela Patel and Steve Davila go formally to graduation in black and white. **Page 11 Clockwise:** A quiet time for band couple James Watson and Lisa Westphal while they wait to perform in competition. Poor Freshman Michael Parks gets trashed by Vernon Cash, Chris Romines, and Chris Gray for violating senior territory. Ann Marie Rioja smiles just moments before she wins the title "Homecoming Queen."

Seniors

An Active Senior

Juggling school and homework is enough to wear anyone down, so who has time to get involved with school activities? Susan Cueto, an energetic senior, finds the time. Her favorite activity is leadership because she not only gets to know what's going on in school, but she gets to be involved with many of the decisions that are made. Susan has been in many clubs like the French Club and Girls' League. She was Commissioner of Publicity in 1983 and is currently a senior representative. It's not easy balancing everything, but for Susan it works. She still has a high grade point average and time for school activities, too.

Seniors Are Best

One may ask, "What is Senior Best?" Senior Best is just a way the senior class has of choosing who best represents Artesia High. The yearbook staff conducted a poll of all seniors. As the results were tallied, it seems we had quite a few talented seniors who were spirited, and seniors who had a great sense of humor. There were seniors who were musical, and seniors who were flirty. These outstanding seniors have offered us their many talents these past four years. The senior class would just like to say, "We appreciate it!"

Page 16 Clockwise: Best Dressed: Steve Estrada and Ann Marie Rioja are showing their own styles of dress. Most Talented: Having talent like Lorri Johnson and Willie McAllister comes with pioneer territory. Most Likely to Succeed: Michele Thomas and Michael Greenwood plan to make millions. Look closely; they've got a $20 head start. **Page 17 Clockwise:** Best Personality: Steve Estrada and Ann Marie Rioja are showing their best look. Most Spirited: Steve Estrada and Diana Escandon are showing their school spirit. Most Humorous: Diana Escandon and Scott Raboin are having a serious moment. Class Flirits: Darren Cropley is vowing that Becky Duda is really his only love.

In Love With Math

Math is that required subject we all look forward to taking each year. Enrique Villegas is one senior who loves it. Math has been Enrique's favorite subject for a long time. His lowest grade was a B. Enrique enjoys his math teacher Mr. Valois because he explains things in a clear and concise way that makes things easier to understand. After high school Enrique plans to be a swimming coach. Hopefully his math skills will come in handy for figuring scores, times, and yardage.

Classy Transpo

Steve Smith has his own personal car which transports him anywhere he likes to go. His car is a '63 Volkswagon which he purchased a year and a half ago. The thing he likes most about the yellow car is its ragtop. He takes much pride in his prize possession. Only he and two other close friends are allowed to drive it.

College Bound

Senior year is the time for planning your future. For those seniors attending college in the fall, it's a time of filling out many applications and visiting several campuses. College bound students choose their majors and think about their careers. Joseph Sweeney, Stacey Anderson, Rebecca Pass, Stacy Sugimura, and Glenn Umemoto are looking through college catalogs and thinking about their career goals.

Seniors Are Special

Artesia High honors its students by recognizing a worthy senior each month. This Senior of the Month is chosen by a special board of counselors and staff members. Nominees are chosen on the basis of their involvement with student body activities, community involvement, and their academic achievement. Seniorfella for the month of October was Joel Hensley. Joel has been involved with band and journalism for four years. He's been taking college preparatory classes and has been involved with the Rockwell Business Program and Long Beach City Summers Program. Joel is a hard worker and certainly deserves the Senior of the Month Award.

Cap Testing

This year the seniors took the California Assessment Program test. The CAPS test is a survey of basic skills which is designed to determine the general educational program to which students have been exposed during their school years. Four areas are covered: reading, written expression, spelling and math. During the recent CAPS testing, our seniors responded seriously with great support and responsibility.

Senior Friends

Friendship is important to everyone. Everyone needs a friend to share things with, to just be with. Having friends lets us share all of the good times as well as all of the bad. To seniors, friendship is especially important. It can be very sad during their last year of high school because leaving all of their friends can be very difficult. Other students know they can keep their friendships from year to year which makes their friendships very special. Seniors know that after high school keeping in touch can be almost impossible. Ann-Marie Rioja and Leslie Parks share a precious moment of friendship during lunch.

A Typical Senior

Artesia. When we hear that word we think of many things. We think of the brick walls, the liberty bell, senior square, and the football field. We think of visits to our counselor, the attendance window and the bookroom. We think of all the teachers, the homework, and the things we've learned. But first we think of all the people we spent our daily time with. Artesia is made up of different people. They come in different colors — black, white, brown. They come in different personalities — nice, outspoken, aggressive, and shy. They come in different sizes — tall, short, stout, and thin. But one thing is common to all. They're all Artesians. Ralph Tiscareño is a typical senior. Without people like Ralph, Artesia would not have its unique characters. Ralph shares a note with a friend, Tracey DeMone.

I Would Like to Thank . . .

Salsgiver, Lisa: I would like to thank Mrs. Clisby and members of the staff for making this a better school to attend.

Carlos, Frank: I would like to thank Mr. White for being a very helpful art teacher throughout the two years that I had him. Mr. White asked me a couple of times in the art exhibits to join them. Finally I entered and if it weren't for him I would have never won 1st place along with a $35.00 check. "Thanks a lot for your help."

Umemoto, Glenn: I would like to thank my parents and friends for being there during the bad times and for being there to share the best of times.

DeYoe, John: I would like to thank Joey, Bruce, Doug, Rob, Bruce, my partner Chuck, and all my friends. Thanks to my mom for pushing me "outta here."

Campbell, Laura: I would like to thank my parents for putting up with me throughout high school. I would also like to thank my friends for their help and understanding throughout the years. Thanks Lori and Diane.

Quan, Jeffrey: I would like to thank Doug Todd for making my track season the best I ever had and bringing the Suburban League Championship to Artesia for the first time.

Pimanmas, Parinda: I would like to thank S.T.J.C.P. for pulling me through all the hard times. Remember the fun times we spent together.

Davidloo, Ralph: I would like to thank my family and my teachers for their outstanding support and encouragement throughout my years at Artesia High School.

Padilla, Eleanor: I would like to thank all my teachers and my counselors Mr. Hernandez and Mr. Quarles for all their support, help, patience, and cooperation.

Wylie, John R.: I would like to thank the academy, the faculty, and staff, and my friends for making these past four years the most interesting and joyful, especially R.A. (Yahee).

Fisher, Laura: I would like to thank my closest friends Keli Workman, Cindy Williams, Michele Ankele, Casey Benham, Becky Duda, for always being there when I needed you the most. The times you supported me and made me laugh. I'll always remember.

Avilez, Sara: I would like to thank all my teachers for all their help and for encouraging me to study and get the most out of my education.

Franco, Angreana: I would like to thank my mom, Mr. Stapelton, and Mr. Cowan for all of your support and always believing in me. You've all taught me to be strong and to always stand up for myself.

Lotts, Linda: I would like to thank all my teachers and friends for helping me get through school. And thank you for putting up with me these 4 years.

Thomas, Michele: I would like to thank my parents for pushing me to do my best and Madelyn Quijano for being my best friend since second grade.

Garcia, Anita: I would like to thank Jeff Johnson for putting up with me. I love you. Hey Judy, we made it! Thanks for being a friend. Good Luck!!! to S.S., J.C., S.V.

Kuan, Gladys: I would like to thank Ms. Collie for letting me take her Guinea pig home for the whole summer.

Deaton, Amy: I would like to thank my friends for making my four years of high school fun and worth coming to every day.

McClain, Bridget: I would like to thank my best friends Tawny and Fiong for all the times we have shared together. Love and Friends always, thick "n" thin, Bridget.

Pass, Rebecca A.: I would like to thank my basketball coach, Mr. Flowers, for giving us his time and especially his friendship, and the team Shelley S., Michelle G., Michelle T., Michele G., Carla, Tammy, Stacy, Estela, Mary, Carmen, Cerise, Shelley Bowcutt.

Nichols, Jennifer: I would like to thank my parents, friends, and teachers for giving me the strength to enjoy and finish all of my high school years.

Mowatt, Barbara: I would like to thank Mr. Faircloth for giving me support and my parents for always being there.

Ma, Tina: I would like to thank "all" the counselors for being so helpful to me in reaching my decision about my future. I couldn't have done it without them. Thank you very much.

Yun, Karen: I would like to thank my parents, teachers, counselors, and friends for being part of my meaningful four years at Artesia High School and making them special.

Pimanmas, Panudda: I would like to thank Mr. Hernandez for being such a great counselor who is always in his office ready for my assistance; without your help, my early graduation would not have been possible.

Wilson, Carla: I would like to thank the Artesia Fast Ladies and my coaches Terry Goddard and Norm Flowers for the friendship and love. And I would like to thank all of my teachers and counselors for all of their help. I love you guys a lot. Thanks. '85 cranks.

Garske, Garry: I would like to thank Mr. LaRosa for talking me into playing football in the 10th grade and for always being the coolest teacher.

Senior Directory

I Would Like to Thank

Salazar, Robert: I would like to thank my mom and dad for helping me through the years and for giving me the strength and the courage to get through the school years.

Fuentecella, Rosalinda: I would like to thank Mr. Faircloth for teaching us many things we need to know to prepare us for college and for making me think more about considering college.

Duda, Becky: I would like to thank my mom and dad for being there and being so understanding. I love you always. I also thank Robin, Cathy, Casey, Laura, Lisa, Barbra, Andreana, Susan, John Boy, Kym, Chris for making my senior year the best. Thank you Rand T. I love you all.

Johnson, Ben: I would like to thank Elsie, Luke, Will, Mom, and Dad for making my years at Artesia cool ones.

Greenwood, Mike: I would like to thank Mom and Dad for their time, patience, money, and understanding throughout my high school years and for all the things I never thanked them for.

Taylor, Tawny: I would like to thank Mr. Valois for being so patient with me in all of my math classes and for being so helpful.

Hover, Sinetta: I would like to thank my mother for her loving support throughout my years of school.

Snuggs, Cerise: I would like to thank my sister, parents, teachers, coaches, and my best friends (they know who) for helping me through the best four years of my education thus far, and for pushing me in the right direction and making me work to the best of my ability.

Chhun, Thavry: I would like to thank all my teachers for all the help they provided and all the knowledge they taught me. Also I would like to thank all my friends for sharing a great time together.

Ham, Christine: I would like to thank my family, teachers and friends for their care, support, and encouragement.

Yoon, Mee Lan: I would like to thank my teachers, friends, and especially my parents for their support and caring. They were so nice and kind to me.

Ford, Ralph: I would like to thank my mom and dad for supporting me and my ideas throughout my life. I would also like to thank Vernon, Eric, Chris, and Chris, and all the other party animals.

Pugh, Susan: I would like to thank my friends Cathy, Lisa, Lillian, Rocio, Barbara, Robin, Becky, Casey, Andreanno, and Laura. Without you guys I would not have gotten through these last four years. I would like to thank mom and dad for helping me and putting up with me all these years. Thanks. I love you.

Wallace, Deborah: I would like to thank Mrs. Griffith for the endless hours she spent un-boggling my mind about college.

McKay, Margie: I would like to thank my parents and teachers for their support and understanding throughout my high school years at Artesia. They gave me so much encouragement. Thank you.

Gray, Chris: I would like to thank Vernon, Ralph, Chris, Eric, Greg, Shelly, Carla, Becky for all of the fun times and memories this year.

Garcia, Lennett: I would like to thank my parents for helping me through the most important years of my life, and my boyfriend Kevin. Thanks a lot.

Ortiz, Olivia: I would like to thank my boyfriend and friends for helping me make my years here at Artesia the most memorable ones ever. Benito, thanks for your love and support that you have given me. I love you with all my heart and I will never stop loving you. Dita, Zónia, Martha, and Gary — we made it. I love you D. X. #14. Thanks to Dan Castro.

Cueto, Susan: I would like to thank mom and dad for being so tough on me when I needed it. I'm really grateful and I love you! Alma and Jose, I love you too. Craig, you're the best friend any body could have. I love you. Diana, Margie, Olivia, Amy, and Ela — thank you for making my senior year special.

Hartman, Ralph: I would like to thank everyone in "the group" for being there when I needed help and making high school the best four years of my life. Also, I thank Mr. Cowan for showing and teaching me things about literature and making 3rd period fun. Also to Mr. Robinson for making civics an enjoyable class.

Bell, Dana: I would like to thank Mom and Dad for helping me through the years, especially my senior year. Thanks, Dave, for making me do my homework and thanks for putting up with me and my problems. I love you all. Thanks!

Neff, Jonell: I would like to thank my mom and my sister for helping me through all four years of school. I couldn't have done it without them.

Kim, Chin: I would like to thank the "Get High on Yourself" staff for encouraging me by showing me my feelings and proving that I am somebody, and I can do anything I want.

Being an Artesian Has Meant

Santos, Marisia: Being an Artesian has meant much to me. I've experienced the real life of a student in this school. Knowing the impor-

tance of school and the teacher who helps students has been great.

Stafford, Mikki: Being an Artesian has meant great pride to be at a school that accepts you as a person and treats you equally.

Hernandez, Cathy: Being an Artesian has meant getting to know a lot of wonderful people. We are the best. "85" cranks #1. Good luck underclassmen. Hang in there Sis.

Wilson, Amber: Being an Artesian has meant being proud of being the absolute #1 school around! "85" will always be alive. I want you all to remember that. Juniors, take over as best as you can and keep in mind . . . Artesia Pioneers are #1.

Byrd, JoAnn: Being an Artesian has meant being the best. I am proud of this school. Good luck underclassmen and seniors of 86 because the class of "85" cranks and no class will ever compare.

Blasini, Luis: Being an Artesian has meant a lot of great times and really enjoyable experiences. I learned a lot — like what to do if you get in trouble. My message — DON'T PANIC!

Escandon, Diana: Thanks mom for being my best friend. I love you. Thanks Elias, my first love. It's been fantastic. Thanks Mr. McHattan for all the advice. Varsity Yell '84-85, "If you don't know the words use your megaphone."

Advincula, Chris: Being an Artesian has meant to me being in a #1 school and participating in #1 sports teams.

Tong, Angie: Being an Artesian has meant pride, because we are the top high school in the whole country.

Estrada, Ray Ann: Being an Artesian has meant a lot of things, including loyalty and dedication to a school I spent four years at. These have been the best years of my life, and being an Artesian is great. Artesia is the best school in the nation!

Romines, Chris: Being an Artesian has meant a lot. I met Vernon Cash, Ralph and Eric. Hi Shelly, Beckey, and Carla.

Anderson, Stacy: Being an Artesian has meant long lunch lines, rally days, essay questions from Mrs. McGrew, lines from Hamlet by Mr. Faircloth, and seeing Mr. Flowers' health class learn sex education.

Lind, Paul: Being an Artesian has meant a lot. I'm proud to tell other people I go to Artesia. The teachers are great, and the students seem to have a lot of school spirit and pride. I couldn't imagine going to another school. Thanks!

Hiu, Hong: Being an Artesian has meant outstanding academic achievements in education and the high spirit of being a "Pioneer."

Kan, Sophea: Being an Artesian has meant a lot to me, and I am proud to be a part of the Artesia High School student body.

Laws, Fiona: Being an Artesian has meant having great times with my two close friends Tawny and Bridget. Love ya.

LeFlore, Joseph: Being an Artesian has meant a lot of pride in my school and our educational system.

Dupuy, Tammy: Being an Artesian has meant more than mere words can express, but a rainbow could explain everything.

Kim, Laura: Being an Artesian has meant that I am a "Pioneer" and always proud of my great school.

DeLeon, Diana: Being an Artesian has meant going to a school that is full of pride and achievement. I'm proud to be an Artesian, and I couldn't think of another school that has the best teachers and students, as we do.

Macho, Robin: Being an Artesian has meant a lot to me. I know I will never forget all my teachers and Mr. Quarles for being so nice and understanding. Thanks everyone. I will never forget the times at Artesia. It was great.

Rowlands Cathy: Being an Artesian has meant a lot to me because we're #1. Good luck to everybody left and keep this school #1 forever.

Mann, Charles: Being an Artesian was an honor that I was proud to be part of. It has been the most memorable years of my life, and it was great.

Park, Leslie: Being an Artesian has meant a lot of good memories that I'll keep close to me for the rest of my life.

Sweeney, Joe: Being an Artesian has meant a tradition which all of my brothers and sisters followed and I will be the one to end this 20 year tradition.

Gonzalez, Chon: Being an Artesian has meant a lot of good memories. I met a lot of good friends, and also the teachers and counselors are very good.

Paulino, John: Being an Artesian has meant that we have the best school around the district and the one and only student body. We are #1.

Aho, Kym: Being an Artesian has been an honor because of the wonderful staff and the wonderful friends I have. Being an Artesian has meant I represent the one high school that has been rated one of the top five school in the state.

Why Do We Get Involved?

Students at Artesia High School are involved in numerous activities. They attend rallies, join band, dress up for Sports Day and dance at the Christmas formal. Why do Artesians participate in so many activities? We asked ten students why they are involved. They responded (from top left):

Charles Ines — It gives me a sense of responsibility.

James Schrierer — I get to meet new people.

Rita Maldonado — I enjoy meeting people.

Mike Archeleta — It keeps me out of trouble, and it is fun.

Kim Snethen — I guess when you get down to it, school activities are what makes a school fun.

Lisa Wingate — I have fun and I get to know new people.

Anthony Rafala — I have fun making new friends.

Robert Copeland — It will help me in the future.

Tim Armenta — Participating in school activities is really enjoyable, and it gives me a content feeling to be able to represent Artesia High.

Mr. Noble — I choose to get involved in school activities as the result of a fervent belief that through activities, students are able to learn many valuable life long lessons.

Our School Spirit Shows

Here at Artesia we have spirit and pride in our school. To show this, we attend or dress up for special activities such as Sports Day and Halloween. We also include ourselves in many contests and volunteer work which helps out our school and community. The pride students feel for Artesia is nothing compared to the pride our school can have in its students.

Homecoming a Success

The 1984-85 Homecoming was a success. This year's Homecoming Queen was Anna Marie Rioja. Anna Marie has been on the Swim Team and involved in French Club, Girls' League, and Dance Production. The Freshman Class of 1988 selected Rosa Mesa as their Class Princess. Rosa is in college prep classes and is a freshman cheerleader. Rhonda Wafford was Sophomore Class Princess. She has been active in Pioneer Patrol, Drama, and Dance. The juniors chose Caroline Rioja as their Class Princess for the second straight year. Caroline has been involved with Girls' League, Mat Mates, and Leadership. The Seniors of 1985 selected as their three Princesses Becky Duda, Lori Johnson, and Madelyn Quijano.

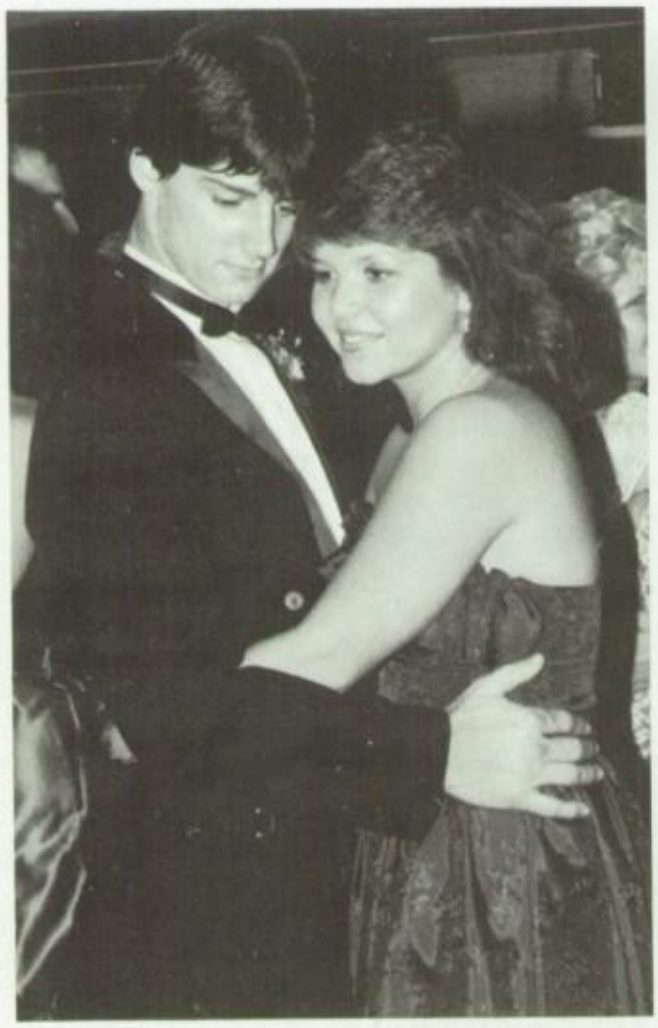
We'll always sing the praises of Artesia Hi

From Formal . . .



Dances share a big part in a student's life and Artesia High offers a variety of dances from which to choose. On December 1, the Girls' League sponsored "Winter Fantasy," our Christmas formal which was held on the Catalina Countess. Students danced throughout the night while cruising Ports of Call in San Pedro. But not everybody goes formal. Artesians love to get casual and comfortable too. Keeping this in mind, the student body put together the Howdy Dance, the Halloween Dance and the Homecoming Dance. In addition, Artesia's student body held after-game dances and rally dances. Students heard funk, new wave, and soft rock while dancing to their favorite music. Throughout the year, Artesians attended all of the dances, and most agreed they had an outrageous time.

Band Honored for Excellence

Our band has performed in many competitions displaying the excellence for which Artesia is known. From rallies to halftime shows, this band has strived to produce the highest caliber performances for the students of Artesia. This year our band was selected out of many southern California bands to perform at the National-American League All Star Game in Minnesota. We are extremely proud of our band and hope they maintain the same standards in the future years that they maintained in the 1984-85 years.

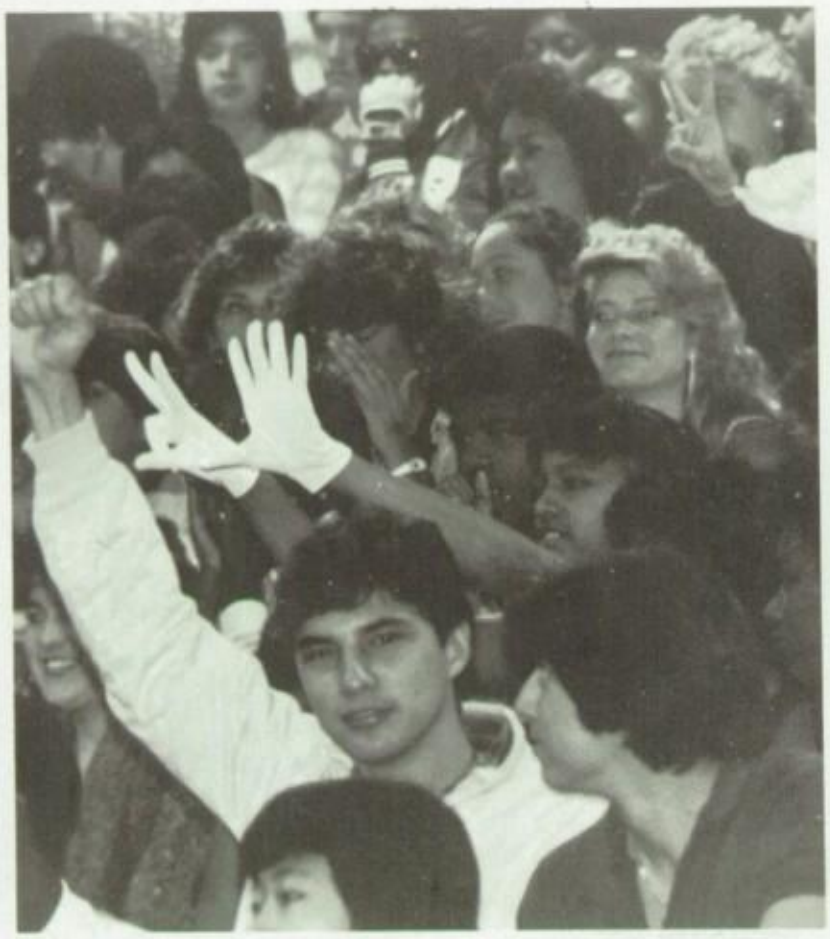
Artesians Burst With Energy

If there is one word to describe our rallies this year, it's definitely "hyper." In 1984-85 we had some of the biggest turnouts both in attendance and spirit. With the pep squads and the band playing at their best, we had a combination that initiated one enormous burst of energy in the audience. After hearing the inspirational words of our coaches about our fine athletic teams, we awaited the announcing of the Senior of the Month. With the rally coming to an end, all Artesians rose with great pride to listen to our school's Alma Mater.



Page 46 Clockwise: Pat Johnson, Ron Salts, and Janis Schierer enjoy a spirited moment at a rally. The pep squads and varsity football team sway to our Alma Mater. Christine Vega puts on an act to entertain the crowd. Elias Ohayon and Garry Garski sit in the center of the crowd. More Artesians at a morning rally.

"Get High on Yourself" Definitely Outrageous

On November 13, 1984, Artesia was visited by "Get High on Yourself," an organization dedicated to getting teenagers in high school to set goals and strive to reach them. An astounding 250-plus Artesians showed up in the gym for what turned out to be an unforgettable experience. Once the students were organized, the "spirit troupe" taught them three spectacular dance productions, which were performed before the students of Artesia. One word to describe this event was definitely "OUTRAGEOUS!"

Page 48 Clockwise: Alan Bone and Jim Kwon practice their routine. Michelle Stafford performs. GET HIGH ON YOURSELF

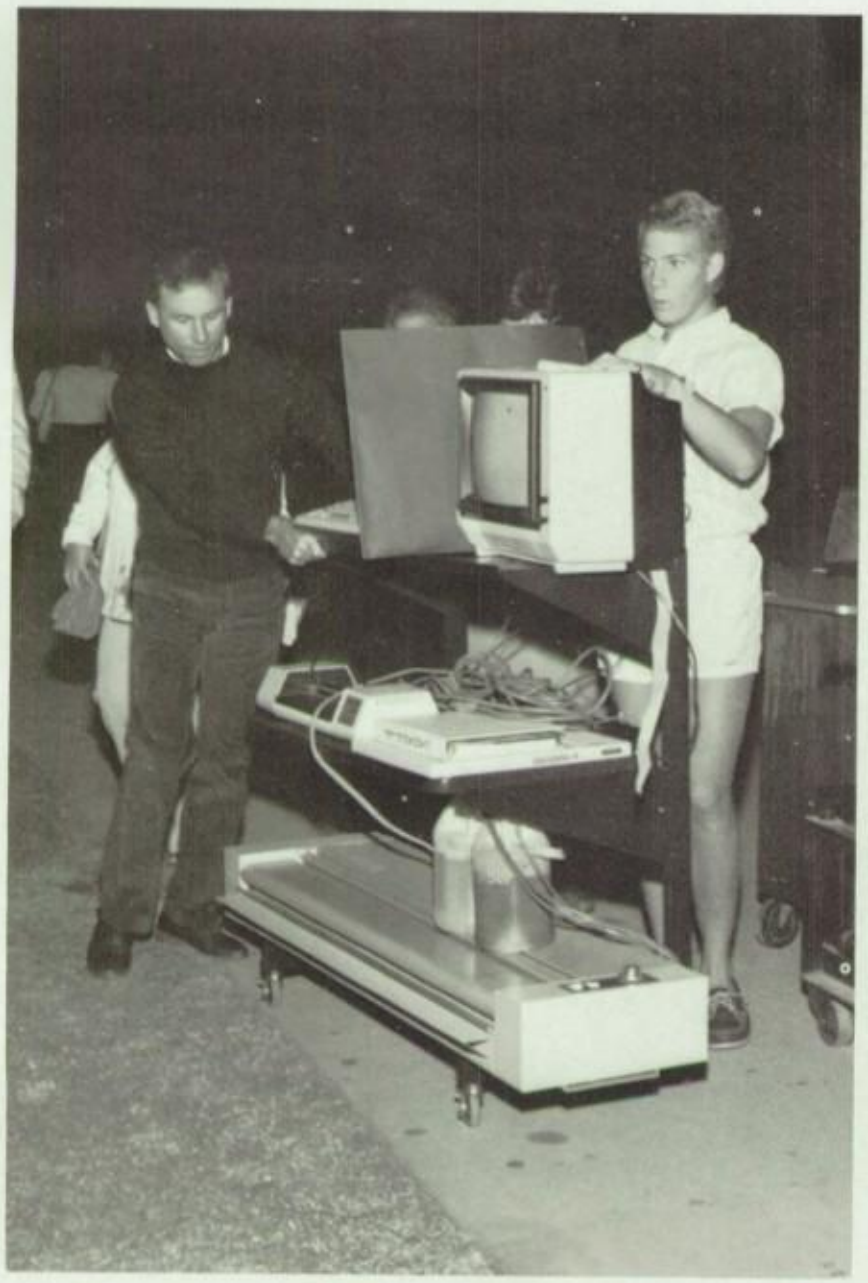
Artesia Shines

What is "Artesia Lights Up the Night?" It's the one night the Pioneers open their doors and shine their light. This year over 1500 friends and relatives attended our open house and saw that Artesians are interested in their education. We held exciting and interesting events, from cheerleading, to a play, to a videotaped lesson on essays. The displays and presentations proved that we care about our learning, and we want to use our knowledge to express ourselves. We showed that high school is not as kick-back as some think. It takes determination and hard work, and we have what it takes. Pioneers have what it takes to "Light Up the Night."



Page 50 Clockwise: Janice Kent and George Reeves discuss stress. Ms. Husband discusses her class requirements with Serena Vanheerdt. Without this shot, no one would ever believe that John Aoki could actually get a picture with Santa Claus. Even while very cold, Suzanne Molletti helps to make the night a great success. Drama Performs Up the Down Staircase

This year's Drama Club did an outstanding job on all of their performances. The Drama Club held some exciting, funny and very dramatic plays this year, including one with the largest cast ever here at Artesia, *Up the Down Staircase*. The actors and actresses in the Drama Club were very self-confident, which is why the club was one of the best clubs in the school district. Besides acting on stage, reading and watching plays, performing mimes and other activities, the Drama Club liked to see what it was like to be professionals, so many times during the year, they traveled to Universal Studios to see T.V. shows being taped, to night clubs to see professional actors perform improvisations, and to the famous Shubert Theater.

Page 52 Clockwise: David Graham has a fine performance as principal of his school in *Up the Down Staircase*. Amber Dingess looks in a mirror to see if she has applied her make-up correctly. The students do a fine job listening to their teacher. Shawna Hunt applies her make-up to adjust to the many lights on stage.

Artesians Give Blood

Give blood, help feed Dracula. Well, teachers and students and even some people from the community gave enough blood so that Dracula need never bite another neck for at least twenty years. Artesia's annual Blood Drive was very successful. It brought in a record 127 pints and was a definite improvement over last year's 104 pints. The drive took place on November 28. All day students, teachers, and others gave blood. To do so, one needed to be at least seventeen years of age and weigh 110 pounds or more. Once the drive was over, the Red Cross took it all from there. They transported the blood to a laboratory and tested it. When the tests were completed, they sent the blood to hospitals for their own use.

Friends Are the Best

One of the best things about school is our friends. Friends help us with our problems, problems we have with homework, friends and our love life. A friend is someone who cares about our feelings and helps pick us up when we're feeling low. A friend is also someone to go to the movies with, to crash parties with, and to just hang out with. Just think about what school would be like without friends. We would have to hang around some corner, somewhere, wondering which Gilligan's Island re-runs we were going to watch all weekend. But with friends, we could go out and party. That's what friendship is all about: having a good time together. A friend is one of the most important things we can have during our high school years.

Working to the Bone

This year's Año de Oro had a slow start caused by many obstacles which stood in its way. We had a new advisor Ms. Evans, who, the yearbook would like to add, has been an exceptional lady. We also changed the delivery date from October to June. This upset our whole schedule completely, but we felt it was necessary because so many students wanted their yearbook at the end of the year. With a few more obstacles to overcome — TA DA — the yearbook was successfully completed. It wasn't easy, but with all the hard work put into it by the staff and Mr. Cowan's journalism class, we made it through with only a few scratches. The Annual Staff would like to extend its thanks to Mrs. Clisby, all of the coaches, Mr. Cowan and his journalism class, Mrs. Combs, Ms. Lorand, Mr. Noble, Ed Thomas, Mrs. Vallefuoco, and all of the other staff and students who helped us a great deal.

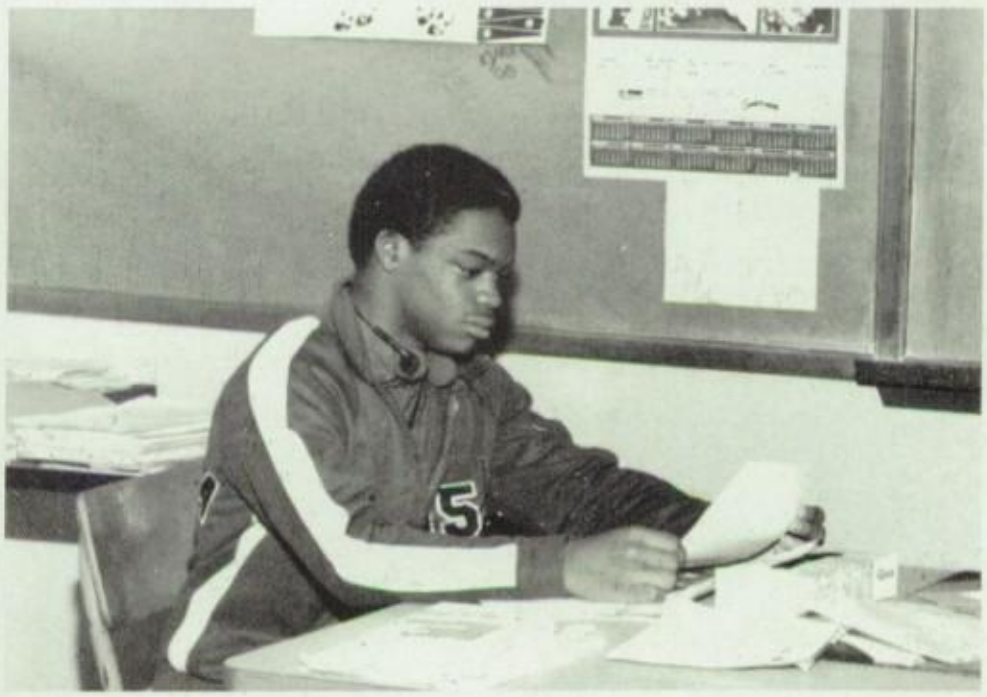
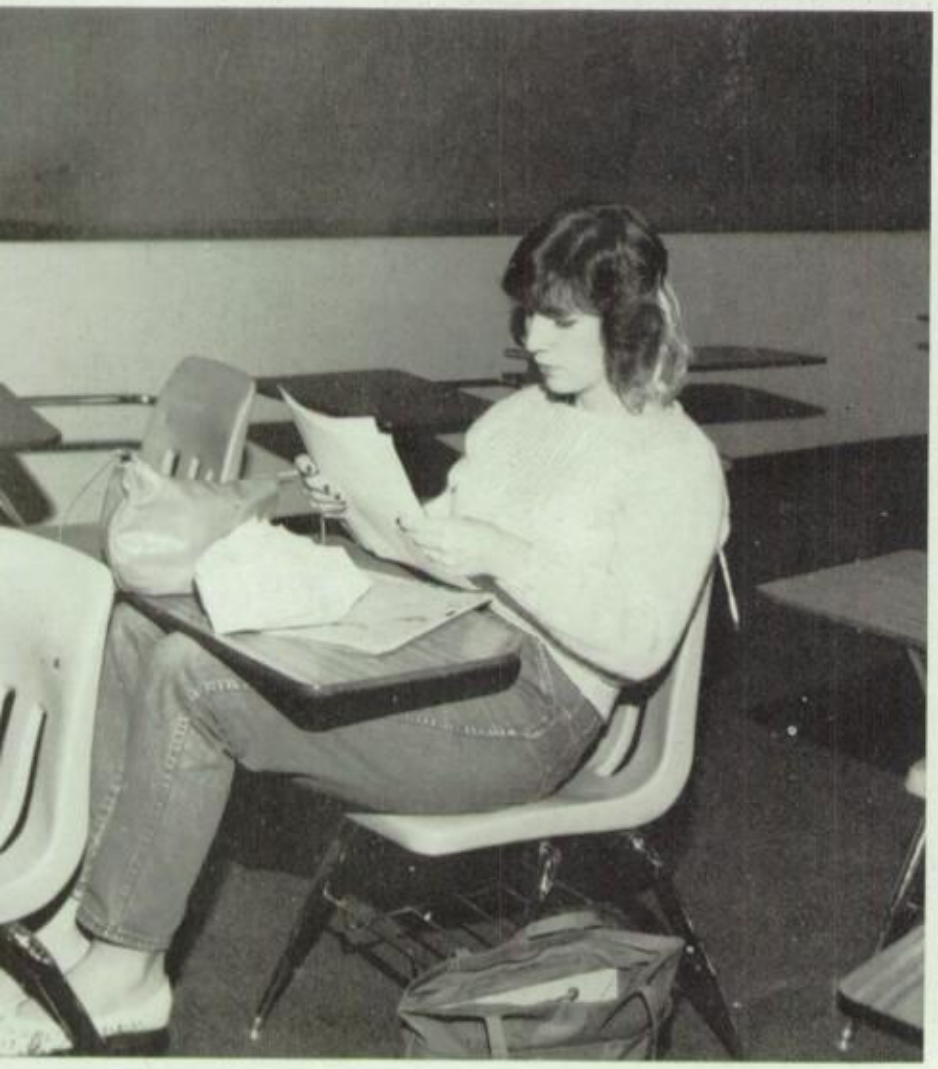
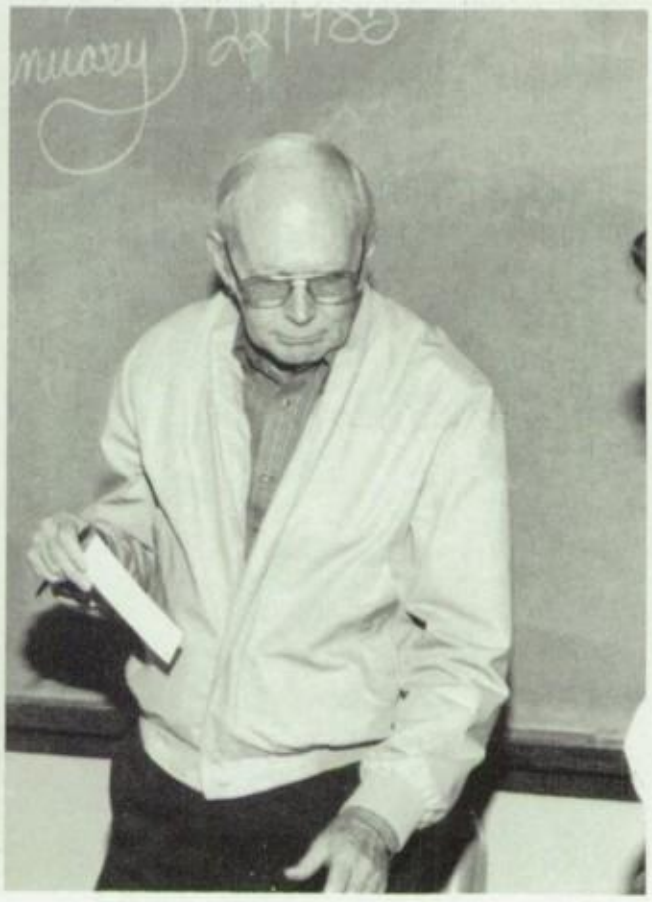
Pioneer Express Works Hard

The *Pioneer Express* has definitely been on the move this year, constantly striving for a better and more informed newspaper. Led by the advisor Mr. Cowan, the Pioneer Express reporters wrote about what the Artesia High students wanted to read. While meeting the pressuring deadlines, the reporting staff of the newspaper always prepared for their next exciting assignment. Continually on the go, the *Pioneer Express* showed creativity and motivation for the 84-85 school year.

Andrew Garcia and Yvette Ortiz help Janet Tongsuthi find just the right word.







Artesia's Fads and Fashions

This past year saw many fads and fashions on Artesia's campus, and our Pioneers kept right up with them. From Punk to New Wave, from elegant to California Casual, students on campus met the new styles with enthusiasm and imagination. We saw pink hair and mohawks, tennis shoes with neon socks, and full skirts over long johns. Earrings made the scene too; girls ringed their ears with as many as six earrings while many guys found the single stud to their liking. Bracelets, also, were "in," and around school we could see a wide variety, but the spikes caught most of our attention. And what about head wear? While hats were definitely out this year, hair was definitely in. Heavy metal and Cyndi Lauper had the most influence as Artesians dyed, shaved, moussed and waxed their hair into new creations. As for the clothes, the most "noticed" style was the new neon fashions which hit Artesia early. Lime greens, canary yellows and shocking pinks made the scene, and, as usual, made the Pioneers stand out in the crowd.

Page 62 and 63 Clockwise: Cindy Collins and Dione Wheel show off their straw bags. Tehrrie Charles proves she's part of the Heavy Metal craze. Multi-pocketed pants, sunglasses and roomy jackets are the "in" thing this year and showing this is Scott Edholm. A new fad this year was the no-fingers glove, as worn here by Keisha Austin. The punk movement is still going strong, and taking part in it are Christine Cesina, Eilleen Espinoza, Cinda Kennedy and Anne Chapman. Big sweaters and sweatshirts are the fashion this year, and we caught Chandra Denman and Sara Lewis wearing theirs. Demetrius Dupard and Tim Henedis show thier highly fashionable parachute pants.

Friendships Begin

The SIP Rockclimbing Program helps students get a better understanding of themselves and others. The program puts students of all different backgrounds together in hopes that they will develop lasting friendships. It consists of a weekend at Joshua Tree National Park. The weekend is kept full of activities including hikes and rockclimbing. In rockclimbing, students set goals as to how many routes they wish to take up the rocks. Every climb and every "Off Belay" is a sign of victory and gives the student a feeling of accomplishment. Students find themselves yelling and clapping for any climber, creating a feeling of support and pride among the group. Within the short weekend, friendships begin. That is what the SIP Rockclimbing Program is all about.

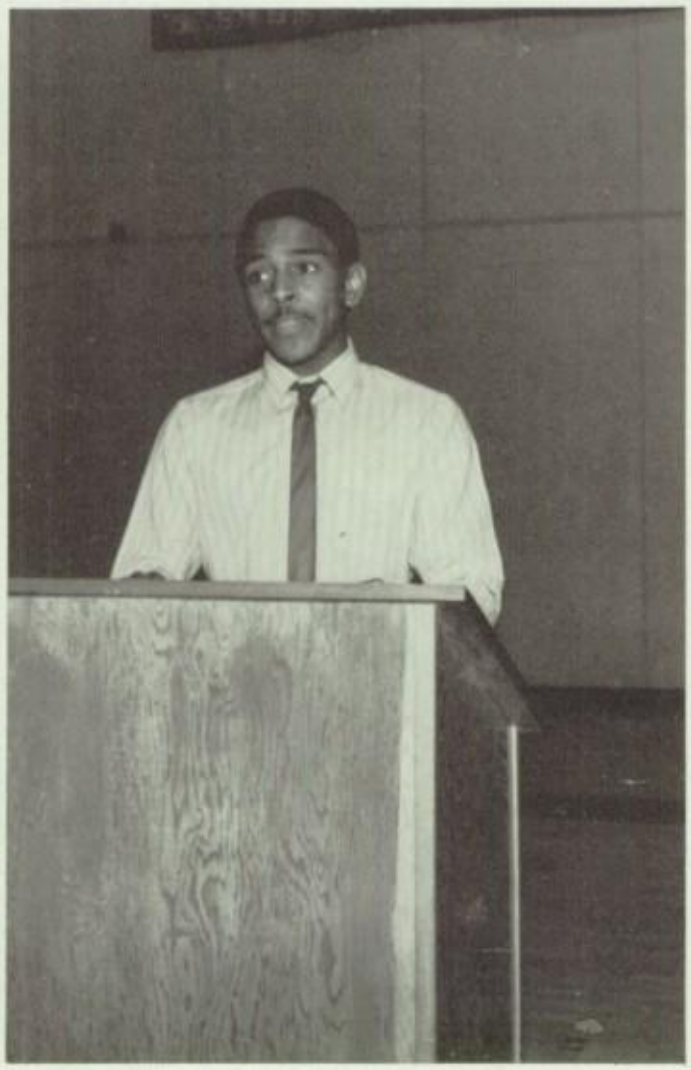
Polycultural Festival: A Sign of Unity

The primary fuel used to keep the fire of prejudice blazing is that of ignorance. Not ignorance in an academic sense, but ignorance of the people and cultures around us. The natural human reaction is to avoid things that are new to us and things that we do not understand. The 1985 Polycultural Festival was designed to break down some of these "cultural barriers." For those in attendance, the Polycultural Festival provided a lesson in the arts as well as an entertaining time. The festival opened with a stirring excerpt from Martin Luther King's "I Have a Dream" by Rovalier Thompson. A group of Chinese-Americans performed their traditional "Chinese New Year's Dance," which was a crowd favorite. The main attraction, however, was the "International Fashion Show." The fashion show consisted of the latest spring fashions as well as some impressive creations by Helen Moon. Models Eric Wilson, Maryette Kelley, and Jimmy Cardenas drew generous applause from the appreciative crowd. For the finale, Masters of Ceremonies Michael Datcher and Lorri Johnson led in a rendition of "Reach Out and Touch," in which all of the Polycultural performers held hands and sang along. This symbolized the unity for which the festival was designed.



A Day of Love

Traditionally, Valentine's Day is a day for paper hearts, flowers and candy. Are things any different at Artesia High? No way! Valentine's Day at Artesia began with boyfriends and best friends alike giving Valentines. For those too shy to deliver their own Valentine's balloon and flower arrangements, "Smileys" sold and deliverd the gifts. The Drama Club sold stuffed animals with attached Valentines. Thirty-seven "stuffies" brought messages of love to Artesians all around campus. For those not-too shy people, there was a marriage booth where they could make their feelings public by walking down the aisle with that special person. For those without a special person, Student Council provided a place to find one. At the Swingin' Singles Bar students could have a virgin margarita (extra salty?) or a virgin strawberry daquiri. While enjoying a drink, a student could search for the special Valentine. Valentine's Day was a great day at Artesia, whether one spent it at the Swingin' Singles Bar or just alone with a favorite person.

Page 68 and 69 Clockwise: "Kiss the bride," said the preacher as Gregg Brown gave Sara Lewis a kiss at the Valentine's Day marriage booth. Stephanie Pilapil and Ray Certeza posed for wedding pictures after being married at the marriage booth. Kim Clark and friend gave us a look at what they received for Valentine's Day.

Student Representatives Work for Us

Artesia's Student Representatives perform a number of tasks that often go unnoticed or unappreciated. The representatives often arrange the dances that we enjoy so much. They coordinate school events, like the Prom and Graduation. Artesia's representatives also serve as a communication between the faculty and the Student Body on areas such as academic improvements made by our students. The Student Body President's duties are a little different than the rest of the representatives. Our President Lorri Johnson's main duties include keeping "the entire student body happy." That sounds like a big job and according to Lorri it is. Artesia High School's Student Representatives work hard and do a good job for our school. Maybe if they keep up the good work, their efforts will not continue to go unnoticed.

Artesians Pick Favorites From

The Año de Oro staff, in conjunction with the English teachers, conducted a poll last March to determine some of Artesia's very favorites. Such categories as favorite male singer, favorite T.V. program, and favorite cartoon character were included. Twenty years from now we will be able to look back and see what was important to us. We also asked some of our students how they voted. Below are their comments and the results of the poll.

Diana Gonzalez: I like Different Strokes for my favorite T.V. program because I think Todd Bridges is good looking, and I like his acting.

Patrick Wiley: I like the video King of Rock because I like the song.

Julie Piascik: My favorite cartoon is Woody Woodpecker because I love his laugh.

Terry Newbill: For favorite singer I picked Apollonia because I like her style of music, which is the sexy type. She is a very exquisite lady.

Matt Mastercharge: I picked Bubble Yum for my favorite gum because it doesn't stick to your mouth, and it blows big bubbles.

Suzanne Smith: My favorite car is the Mercedes Benz because it's a stylish car.

Phillip Madrid: The reason why I picked Like a Virgin by Madonna for my favorite album is because she looks hot in the video.

Irene Gomez: I chose the group Time as my favorite because I like the way they can dance and move.

R.O.P. Provides Job Training

Have you ever asked yourself, "What is ROP?" and "How Can I get into it?" Obviously not! Why would you want to know how to get into ROP if you don't know what it is? To shed some light on the subject, you should know that ROP stands for the Regional Occupational Program. ROP is a program through which students 16 and over are provided with training for jobs. Training for 150 different occupations is available in eleven different career clusters that include everything from accounting to wood fabrication. The typical ROP class lasts two hours a day and students receive ten credits per semester in addition to their job training. The classes cost nothing and any supplies that are needed are provided. About 285 students were enrolled in ROP during the 1984-1985 school season.

Artesians Are Prepared for the Future

Academics is a major part of any school, and Artesia recognizes its obligation to provide the highest quality for its students. Obtaining the best education possible is a necessity for any student striving for excellence. Making that education relevant to the future is just as important. We asked ten people on our campus how Artesia prepares its students for the future. Here are their responses:

Mike Manio: Artesia prepares me for the future by administering work which can help me in college, universities, or even a job. The teachers give a lot of support in preparing students for college.

Mike Beadle: I feel the classes at Artesia prepare students for college. The teachers seem to take a personal interest in every student and try to make them reach their potential.

Renee Brooks: Artesia has a large selection of subjects to choose from. From these subjects I have gained knowledge and experience which will help me in the years to come.

David Lugo: I have been able to take classes which will prepare me for engineering. I believe that not only do the classes have to be available, but the students must apply themselves.

Emmalyn Hinlo: Artesia has helped me prepare for college and the difficulties I will face in the future.

Mrs. Griffith: Our Artesia graduates have succeeded in highly competitive colleges and in academic areas such as law, medicine, and engineering so I can say with confidence that we are preparing students very well.

Eric Rhim: Our school has various types of courses that deal with my future career such as computer programming, which will help me when I major in computer engineering in college.

Wendy White: I have been taught good study habits which will be needed in college.

Mr. Lewanski: Artesia provides students with a chance to build a framework of knowledge to use in their adult lives. The variety of courses offered gives all students the chance to build their own individualized "framework" regardless of their future plans.

Michelle Thomas: It gives me many challenges to face in education. It also prepares me for greater challenges in college.

Excellence Award Brings Inspiration

In the 1983-84 school year, Artesia was named one of the Exemplary Public Secondary Schools of the nation. It was chosen through the National Secondary Recognition Program, which was sponsored by the U.S. Department of Education. Our CAP scores allowed us to be considered for this award as a possible nominee on the state level. Artesia rated among the top nine California schools, scoring 72 out of 73 points on its application. From that point we went on to the national level. After federal officials visited our campus for two days, Artesia was chosen one of 116 final Exemplary Public Secondary Schools out of 22,800 public secondary schools in the nation. To accept this award Mara Clisby, Artesia High's principal, flew to Washington, D.C. where a special awards banquet was held for all national recipients. Artesia was proud. Students and staff were recognized for their desire to excel, their will to improve. The award brought them honor, but it also brought them something far more important. It brought them the inspiration and the confidence to strive for even greater excellence, even greater improvement. This year Artesia High made strides which surpassed even last year. Judging by its accomplishments, it was undoubtedly successful.

Page 80 and 81 Clockwise: Representatives from our community accept the Excellence plaque, presented by Eric Vautour, Special Assistant Intergovernmental Affairs, U.S. Department of Education. Dr. Eugene Tucker, Eric Vautour, William Campbell, Diane Xitco, Peggy Lee, William Watt, Mayor Jacqueline Ryerson, and Congressman Glenn Anderson. Ronald Reagan speaks at the Excellence awards banquet given in Washington, D.C. for the national winners and attended by Mara Clisby, Artesia High's principal. Clisby was instrumental in getting the Excellence Award for Artesia High School. At "Artesia Lights Up the Night," Dr. Tucker presents the Excellence flag to Mr. and Mrs. Wingate, who represented all the parents of our school.

Cowan Recognized for Excellence

The 1984-85 yearbook recognizes the excellence that is within us all. It has acknowledged the accomplishments of all Artesians. It would now like to acknowledge the excellence of one of our own individuals. His name is William Cowan. Born December 7, 1925 in Stephenville, Texas, Mr. Cowan spent all his early life in Stephenville and attended Stephenville High School. He was a dedicated American who served his country by joining the Infantry during World War II. Afterwards he became a student at the University of Texas and later moved out to California to attend Long Beach State University where he received his Bachelor's degree and his teaching credentials.

William Cowan has been a dedicated teacher working first at Corvales Junior High and then at Norwalk Junior High School before coming to Artesia. A long term member of the Artesia High faculty, he worked under three different principals: Mr. Atkins, Mr. Steddom and our own Mrs. Clisby. He is also a dedicated animal lover and the owner of two quarter horses, one named King Boat and the other named Venture. As an animal lover, he is remembered by other teachers for, among other things, keeping dog biscuits for any stray dogs that might wander onto the campus.

Mr. Cowan is a dedicated Artesian who has held various positions of responsibility, including Chairman of the English Department and Director of Activities. A faithful fan of Artesia athletics, he is remembered by various coaches for his boisterous behavior during games. He is also remembered as being a constant source of trouble to referees who called things differently than he saw them. He is a dedicated teacher. Besides his regularly scheduled classes he has long taught one night a week in adult school.

Mr. Cowan is a faithful friend and advisor of many Artesia students. He is regarded by many as more than a teacher, and to some he is really a second father. He is known and recognized by all as a source of wise advice, concerned assistance, and generous support. He will always be our beloved William Cowan. It is our pleasure to dedicate the 1984-85 yearbook to this fine man who has been not only our teacher and co-worker, but also our friend, advisor and supporter.

Conestoga Recognizes Student Excellence

One of the highest awards given at Artesia is the Conestoga Award. The Conestogas are departmental awards. They are given to those students who are the most excellent in that area. The awards are given in all academic areas as well as in electives. To receive a Conestoga, the student must be outstanding. The majority of awards are given to seniors, although others have a chance. Seniors have the best chance because they have had four years to demonstrate their excellence in their own particular area. Deciding the winners takes a good amount of concentration and time. The departments meet and discuss the students who are nominated. The faculty makes the final decision. The awards are presented in conjunction with National School Week. Anyone who receives the award has the right to be very proud.

Grand Conestoga Winner Michele Thomas receives Conestoga Award from Mr. Quarles.

Decathloners Hold Own

On November 17, nine students competed in the Academic Decathlon, sponsored by the L.A. County Schools. The Artesians faced opponents in ten categories including speaking, writing, objective testing and interviewing. Students had to be knowledgeable in social science, fine arts, language arts, math, and physical and biological science. Artesia held its own against 47 other schools. Ms. Harms Decathlon advisor, was pleased. She believed we did well for our first year, and stated that our chances for next year are "excellent because we will be experienced."

Page 90 and 91: The Decathlon team was led into the Super Quiz by a full marching band as well as a banner representing each school. Ms. Harms, Ms. Lorand, and team member Ramon Gil take a break during the grueling competition. Del Taco provided the memorabilia — the T-shirts — and Mrs. Clisby provided the sugar fix — Snickers. Part of the team attempting to relax before the Super Quiz with Mr. Bess providing entertainment. The entire team during lunch break with Mark Luedtke swarmed by girls, of course.

School, Community Recognize Excellence in Artesia's Student Body

Different awards have been developed to recognize the many deserving students who earn them. Here at Artesia many students are honored with these different awards. Century III is a scholarship intended to inspire seniors to become responsible, well-informed students. Chosen winners receive a $1,500 scholarship and an all expenses paid trip to the National Century III Leaders Conference. The Hugh O'Brian Award is intended to seek out, recognize, and reward leadership. Students apply and are nominated by the school. As a reward they attend the Hoby State Leadership Conference. The Bank of America Award is a scholarship to award students with high G.P.A.'s. Seniors are nominated in the areas of Liberal Arts, Fine Arts, or Math and Science. School winners are sent to a regional competition where they could receive up to $2,000 in scholarships. The Writers Award is sponsored by the National Council of Teachers of English. The purpose of this award is to recognize young writers. Two entries are written during the junior year, and winners receive plaques in their senior year. The Press Telegram Award is aimed at recognizing people involved in community and volunteer work. Seniors are nominated by their teacher in eight categories. Winners receive $750, and the honorable mention receives $200. Kiwanis Club recognizes seniors with good G.P.A.'s, some financial need, and proof of community involvement. Three students are chosen every other month to attend a breakfast with the Kiwanis. At the breakfast, three students become Kiwanis. Boys' and Girls' State is supported by the American Legion and the American Legion Auxiliary. The purpose of this award is to make students aware of the political process. Two chosen juniors spend a week in Sacramento. Philipp Weinburger, our foreign exchange student, came to America through a program called YES (Youth Exchange Service). This required high grades and cost him $2,500 dollars. Seal Bearers is a program promoted by the California Scholarship Federation. Seal Bearers need to have been in CSF for four semesters. Seal Bearers receive a special seal on their diploma. The school Valedictorian is a highly regarded position. One graduating student receives this title. Valedictorian is chosen by a selection committee. To be considered, the Valedictorian must have a very high G.P.A. Senior of the Year is also a coveted award. It is given to a female and a male senior who show outstanding citizenship, self motivation, poise, and a positive attitude toward school.

We Make It Great

Underclassmen make Artesia High great. They get involved in many school activities like pep rallies, dances, and theme days. They're always open to fresh ideas and ready to take up new challenges. They really try to make the best of everything and give it all their effort. The thing about the underclassmen that really stands out is their attitude. Few people put others down; they are more encouraging than anything. The students support each other. They care about the success and failure of their friends. They try to be as friendly as they can be, and making lasting friendships is easy here. Underclassmen also have pride. It shows in their actions, dress, and attitude. Their appearance proves this. They dress well, treat each other with respect, and work hard to make this school great. Anyone walking on Artesia's campus can see this immediately. We underclassmen give Artesia class.

Page 96 Clockwise: The photographer captured Danielle Muse, Danny Fisher, and David Valles relaxing at lunch. Snack is a time to be with special friends; Clayton Renier and friend eat in a quiet spot. Becky Rivera takes time to wind down during one of Artesia's exciting football games. **Page 97 Clockwise:** A few students willingly posed for this underclassmen shot when they found out they would be in the yearbook. Twins Jennifer and Jenell Allgood were new to our campus this year. No one likes to wait in line, and these Pioneers are no different. Dana Lance and her friends intently watch a morning rally.

Underclass

Lunch is always a great time for high school students. It's a time for talking to friends, studying for tests, munching out, and just plain relaxing before the next class. The yearbook photographer captured these juniors taking a rest before fifth period.

Mohawks are very popular with many kids here at Artesia. Some students like the idea of being different. They like walking past a group of people or through a crowded hallway and hearing people whispering, "Check out that dude's hair." Here is Ralph Gaust admiring Clayton Oelschlaeger's mohawk.

Sophomores have an opportunity every year in October to order a class ring. Alan Bone is one sophomore who enjoyed himself while looking over the pamphlet at an assembly. Buying a class ring may be expensive, but it is worth it because it will keep memories of our high school years.

Conspicuous at all our football games are the stats people. It's a special job and you need to be reliable and dependable. One of these people is Kristie Van Camp. When asked about her feelings about taking stats, she replied, "It was exciting to be part of the football team." And it looks exciting. Here, Kristie is taking stats while Chris Vestano and Maggie Marquez look on.

Freshmen, the underdogs of the school, are "bagged on," thrown in trash cans, and thoroughly humiliated while the rest of the school laughs. Being the "punky freshmen," "stupid freshmen," and "geeks," the freshmen stick together and ignore the others. Because of this, the friendship grows as Angie Navarro and Barbara Gil prove.

Our 1984 dances were some of the best. We had a big success in our student turnout. Everyone had fun. Our DJ's were excellent, and the music pleased us. While freaking, Lurleen Johnson and Gary Moore are enjoying one of our school dances. They show their coolness and toughness by strutting their stuff.

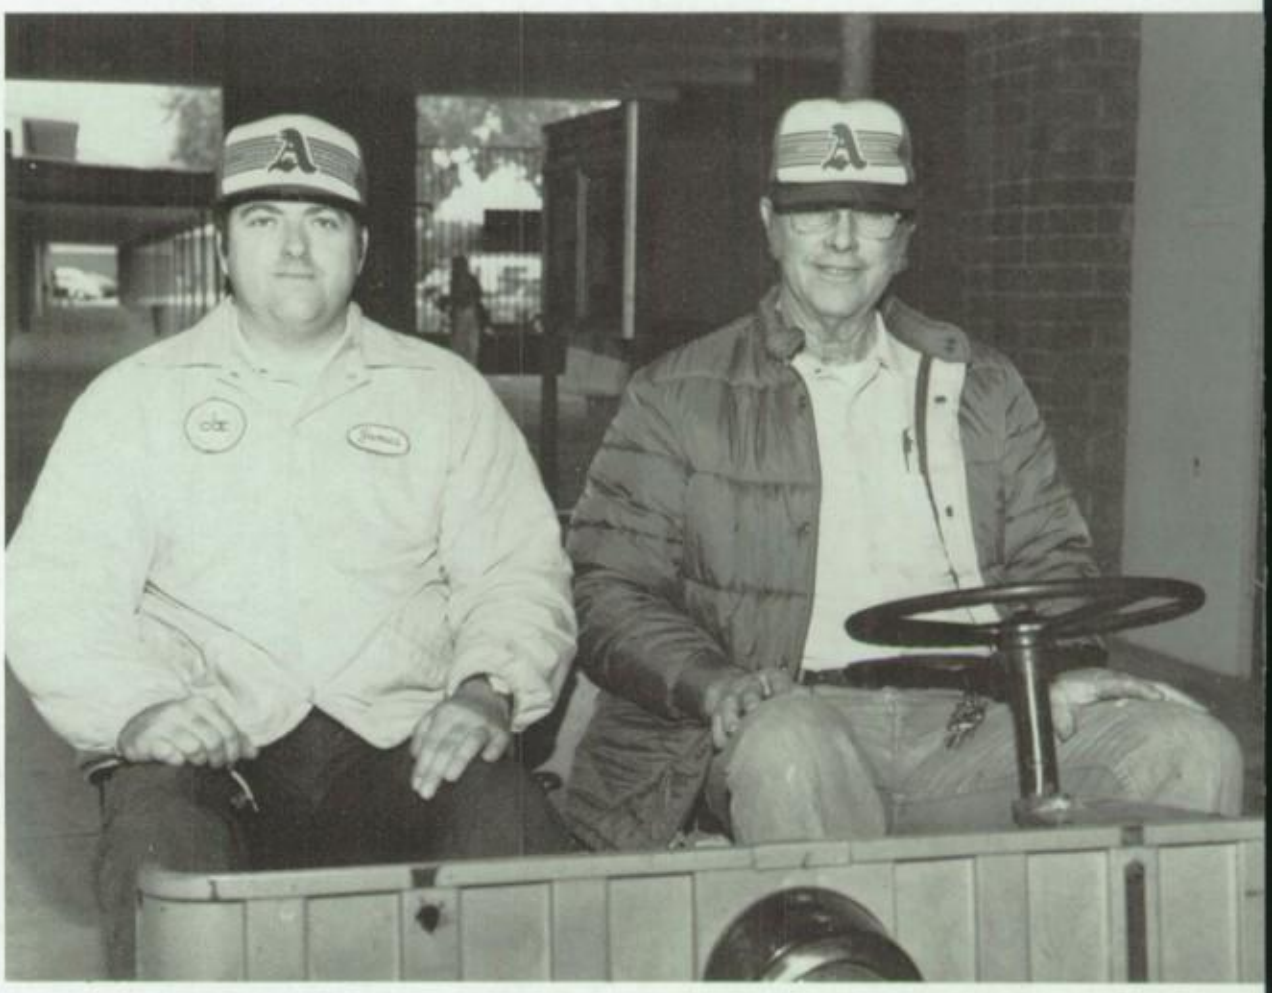
Making It Possible

The staff at Artesia has contributed long hours of their time to this fine school. We greatly appreciate their actions. They have made it possible for us to look upon our school with pride and dignity. Administrators run our school with concern for our education. They oversee all the classes and guarantee that we offer the best curriculum. Our administrators care that we have the proper learning atmosphere, and they work hard to maintain it. The counseling department has always been helpful to the young adults here at Artesia. They work with us on our problems. Our counselors have been invaluable in class scheduling and career planning, too. The instructors teach more than just in the classes. They help us with our personal frustrations, too. For students who need assistance in their studies, many teachers even hold tutoring sessions at lunch or after school. Finally, our support team has proven itself a necessity. Secretaries keep the school operating smoothly. Aides help us learn. And the custodians' constant efforts maintain this campus. All work to create a pleasant environment which allows us to concentrate on the more important matters.

Page 136 Clockwise: Speeding down the hallways, Ray and James can be seen taking care of our campus. Mr. Brown assists Leslie Park on computers. Coach Montgomery was caught unawares at football practice. **Page 137 Clockwise:** Mrs. Liu is lecturing for an On Your Own class. Mrs. Howard keeps Artesian records straight. Mrs. Clisby proves there's a little devil in all of us. Mrs. Rivera teaches the fundamentals of Spanish.



Staff

Administrators Who Care

The administrators here at Artesia High make a large contribution to our school. What would we do without them? They organize our activities and keep our school Number One in the district. They also keep the discipline on track, handle parent conferences, and deal with absences. This school's administrators are one in a million. They help us strive and reach for our goals by trying to guide us in the right direction. If we didn't have our staff, we would drop a far distance because the rallies, dances, and the academics were all created and offered to us by them.

Page 138: Mrs. Griffith, our counselor, takes time out from her busy schedule to pose for the photographer. **Page 139 Clockwise:** Being principal doesn't mean Mrs. Clisby doesn't have time for Pioneer student, Kenny Craig. Counselors are often on the phone. Here Mr. Hernandez tells a parent her son is doing well in school. If it weren't for Mr. Noble, what would rallies be? We need his inspiration.

Electives Offer More

There are many electives here. We have chorus, typing and art. Mr. Cruz is one of our elective teachers. He teaches Spanish. He thinks Spanish offers students "an understanding of the second most spoken language in California." We agree.

Our Math Classes Help

The Math Department is one that indeed helps students learn. The teachers who teach math are Gordon Ackerman, Stan Brown, Maria Fierro, Rich Johnson, Ted Marquez, Rick Valois, and Pat Vallefuoco. When asked if the math they teach prepares their students for college, these teachers had the answers. Mr. Marquez believes, "it's a start. If they know the basics, they'll carry on to algebra and geometry." Mrs. Vallefuoco said, "Yes, it does prepare them for college. Geometry requires a lot of critical thinking. All in all it prepares my students not only for college but for big problems in life."

Fitness Counts

Ms. Gerard, our P.E. teacher said, "The P.E. department has always strived to give our students the opportunity for activity on a daily basis to help them obtain and maintain fitness. Besides our regular classes which emphasize the different sports, Mr. Dreifus has established a popular weight lifting program. Currently, we have also expanded our curriculum to include 4 aerobic/fitness classes. The students do a variety of aerobic exercises such as running, jumping rope and moving to music. With the help of Mr. Dreifus, we have also developed a weight circuit which is done twice a week. The classes are required to keep a notebook which includes handout sheets of information on fitness, their own notes from lectures, and charts of their progress. I thoroughly enjoy these special classes. Hopefully, we will help our students become aware of how to achieve fitness and help them make it a lifetime goal."

Friends Too

Teachers help make Artesia High School what it is today. Our staff is known not only as teachers but also as friends. They teach students the basics of life and help them with problems they might have. They teach students manners and cooperation with others. All of our teachers have a lot of patience not only with their students, but with each other. Our teachers here get along well with one another, and it's not hard to find one asking another for advice. Although not all teachers teach the same, they all have their own way of teaching that makes them special. They all have their own technique for getting along with students, lecturing their material, and disciplining their classes.

Why English?

The English Department has an excellent staff. The majority of the English teachers are located in the two hundred building. Artesia's teachers chose their careers in English for special reasons. Mr. Kamper said, "I like to teach my classes reading because that's where I can help them the most." Mrs. Cardriche finds the language "interesting and fascinating." Ms. Lorand said, "I will never live long enough to learn all the things I want to learn and do all the things I want to do except through reading. I believe I can teach others to have a rich and satisfying life through reading too." And Ms. Harms explained that she fell in love with English literature first and now "appreciates all aspects of teaching English including writing and communication."

Social Science Offers Insight

Social Science teachers think their subject can teach students many things. Ms. Vela believes geography is important. She said, "Besides learning about where they are in the world, hopefully students will see how important global interdependence has become. We need each other. Let's understand each other and be compassionate. We're all in this together." To Mrs. Hulse, "history offers students real people and real events in which they can see the stupid mistakes or the successes and achievements of all people. Through this, students can possibly not make the same mistakes as others."

The Support Is Necessary

An excellent high school has certain aspects similar to those of a well-made automobile. All the parts of a car, the steering wheel, brakes, and accelerator, must work in unison if a person is to reach a destination. No matter how powerful a sports-car engine may be, it's not going to go very fast or very far, for that matter, if it doesn't have any tires. This same principle is true of a high school. Though the faculty may be the key to the schools reaching many of its goals, without the supporting cast of people such as secretaries and custodians, a school will never be able to reach its full potential.

It Is Impossible Without Them

Have you ever stopped to think what would happen without our great support team? Could the office run efficiently and effectively if the secretaries weren't trying their hardest to do their jobs? And what would Artesia be like without our Security to protect us from undesirable influences? Think about how difficult it would be to read a text book or see a videotape without the bookroom or AV clerks. And do you want to talk environment? Just imagine this campus without a custodial crew. A support team is just that: a group of dedicated people who work daily to support our education. Without them, learning would be impossible.

Students Gain Friends

Organizations mean different things to different people. To some, they give a sense of belonging, to others a place to meet new people. Students who join clubs take part in the school they have grown so accustomed to. They learn the meaning of responsibility: to make each meeting and to make their opinions count. Joining a club means gaining friendship by striving for common goals and learning respect for others. It means asserting oneself by becoming an active part in the organization. What do Artesians get out of joining a club? Exactly what they put into it.

Clockwise: Song performs on a set built by Stage Crew for "Artesia Lights Up the Night." Artesians relax at "Winter Fantasy," the Christmas formal sponsored by Girls' League. P.A.L. members pose in P.A.L. sweatshirts for Año de Oro photographer. Min Chae Chung and others participate in a marble game sponsored by the Chinese Students Association at "Artesia Lights Up the Night." Julio Balacy and Joe Nazarowski perform at Choral's October 24 Mini-Concert.

Mat Mates, Special Friends, and Girls' League Helping Others

The Mat Mates are a group of girls who support the wrestlers. They take stats and have fund raisers for the wrestlers. "We paint signs to advertise wrestling matches." This year there are about ten girls. Most of them are seniors, but anyone is allowed to be in the Mat Mates.

Special Friends is a program that pairs elementary school children with high school students who act as role models as well as special friends. The Special Friends keep in contact and participate in many activities together. The club went to the Lakers' games and the Kings' game, the Christmas party, and several other events.

Girls' League is a club open to all girls, freshmen through seniors. Its main objective is to sponsor yearly winter formals. This year's dance theme was "Winter Fantasy." Also it is a fund raising club which gives a scholarship to one senior club member at the end of the year. Girls' League meets once every two weeks regularly. This year's club officers were Melissa Bartolome, President; Michele Thomas, V. President; Madelyn Quijano, Secretary; Tawny Taylor, Assistant Secretary; Janet Bugay, Treasurer; Rose Fuenticilla, Assistant Treasurer; Lorri Johnson, Chairperson.

Choral Club and Art Club Improve Artistic Abilities

The purpose of the Choral Club is to develop, improve, expand, and challenge the students with vocal talent by teaching them a variety of techniques and styles which help express the mood of a song. In addition, the students are encouraged to audition for solos, duets, and trios to be performed at our concerts.

The Art Club has many purposes. They include the desire to increase student interest in the field of art, and to provide opportunities for students to develop skills and knowledge in the various field of art. The Art Club also works to establish art related activities that help motivate the creative process and to involve students with fund raising activities to help develop responsibility. The Art Club hopes to provide an awareness and appreciation in all the arts that will make the creative process a life long experience.

The Hwa-Rang Club and Chinese Students Assistance Offer Friendship

Artesia Hwa-Rang Club is a campus organization which allows students with a Korean background to get together and share friendship. The purpose of the club is not only to share with others of a common culture and language but also to promote good will among students on our campus. As an annual activity, the club puts on Cultural Night for students and the community. This year Cultural Night was held on December 15 in the Fine Arts Center. Hwa-Rang Club also publishes a club magazine.

Chinese Students Assistance, like its name, assists Chinese students. The members help one another to overcome all difficulties they may encounter in living, studying, and mainstreaming in a very complex environment. The club assists in maintaining the needed Chinese community in our area.

Hwa-Rang Club Members: Monica Kim, Grace Lee, Si Yon Yi, Angie Yoo, Laura Kim, Laura Rhee, Chrissy Kang, Mi-Lan Lim, Jenny Yeom, Grace Hong, Dong-Su Suh, Phillip Kim, David Lee, John Lee, Dong-Hun Choe, Jae Oh, Steven Lee, Kathryn Cho, Kathryn Lee, Donald Sun, Min-Jae.

P.A.L., the Low Brass Club, and Stage Crew Require Dedication

The purpose of the Pet Assistance League, P.A.L., is primarily to help animals: all types of animals. This club consists of students who care for the welfare of animals, not only dogs, cats, horses, and birds, but also whales and seals. These students give of their time in order to raise money to donate to organizations dedicated to helping animals.

The Low Brass Club meets weekly to discuss the problems within Artesia's band and the brass section. Their purpose is to promote spirit. Of equal importance is their and the entire band's instrumental abilities.

Without a stage crew our drama productions would be performed without a set. It is the stage crew that builds, repairs, and keeps in good order the backgrounds we see when we attend Artesia's fine plays. The crew was responsible for building the stage we saw in *Up the Down Staircase*. It also built the stage for "Artesia Lights up the Night" and the Christmas Concert.

P.A.L. Club Row 1: Miriam Morales, Vicki Carnecer, Lisa Cooper, Alicia Smith. **Row 2:** Mrs. Brannon, Lina Montez, Rowena Rommero, Linda Castro, Ethel Bagaygay, Christine Stava, Suzanne Smith. **Row 3:** Lucia Rafala, Michelle Roberts, Lucy Rafala, Jeannette Anderson.

Drama Club Enriches Our Lives

The 1984-85 Drama Department is devoted to bringing a cultural enrichment to the students as well as the surrounding community. Drama scheduled three full act plays as well as other activities to aide the students in learning more about the performing arts. The teacher, Janis Hulse, wants for the future more wide scale participation and a larger variety of plays for different audiences.

Drama Club Row 1: Caterina Abney, Paul Lind, Shawna Hunt, Diana Escandon, Jeff Shadic. **Row 2:** Belinda Molletti, Mina Lee, Amber Dingess, Robin Williams, Michelle Rose, Joan Shimkus, Roberta Aragon, Cheryl Van Valkenburg, Jeannie West. **Row 3:** Luis Blasini, Rosa Mesa, Laura Smith, Jenni Gilbert, Christina Rasmussin, Eden Warren, Melanie Anderson, Sandra Lauello, David Graham. **Row 4:** Annmarie Salas, Mrs. Hulse, Becky Horejsi, Christine Stava, Holly Judge, David Bates, Kiren Chauhan, Anita Thomson, Joe Nazarowski, Jarius Crawford, Jackie Gritton, Wendy Bignell, Laurie Lacourse. **Row 5:** Brian Vanderheide, Ron Edwards, Ryan Chapman, Jake Crawford, Roger Putnam.

Guitar Club Seeks Competition From Other Bands

The Guitar Club has a variety of purposes. Through this organization, members learn to play their guitars better. They also study songs and exchange them within the membership. The Guitar Club looks for competition from other bands. Club members are willing to test their ability against anyone. Guitar club members also perform for Artesia High students and anywhere else they are requested to perform. Of course, not all the members perform at once, but they form groups as they are needed. Perhaps one day some famous guitarists will say, "I graduated from Artesia High and the Artesia High Guitar Club."

Guitar Club Row 1: Chuck Fierstein, Mike Parker, Danny Bufford. **Row 2:** Todd Faresight, John Tabares, Steven Schorder, Joseph Coelho, Gary Garskey, Chris Kinyon, Vince Jiminez. **Row 3:** David Trigueno, Scott Lyons, Darren Zolston, Joe Nazarowski, Mike Yaffee, Scott Raboin, Elias Ohayon, Louie Carlos, Mike Chandler.

International and French Clubs Share Culture

The French Club is a group of internationally-minded students who are brought together by the desire to experience a bit of the French life. Club members actively support fund raisers which provide them with money to attend French films, eat at French restaurants, and engage in other activities with a French flavor.

The International Club is designed to expose everyone to the different kinds of culture in our community. The club is made up of many different types of nationalities, including Asian, Hispanic, and Caucasian. The club's goals are to preserve each member's own culture for the second generation immigrants and to share different styles of life with each other.

Spirit That's Superior

Varsity Yell this year proved to break the old cliché that girls are fragile. They set a style that will forever be passed on to the upcoming squads. Strong, poised, superior "were they!" Composed of Robin, Patty, Melissa, Erin, Diana, and Lillian, Varsity Yell worked together as well as any time-precisioned mechanism. Artesia Pioneers had no problem noticing the modern girl intellect that this squad represented. If one thing stood clear, the 1984-85 Varsity Yell squad projected the spirit that was within the halls of Artesia High. If another thing was equally clear, the 1985-86 squad was just as impressive. Both squads carried on the tradition that is Artesia.

The Best Ever

Who are the in-betweens of the school? They're neither at the top of popularity nor at the bottom of it. I'm talking about the J.V. cheerleaders, who have managed to be one of the best squads ever. During the 1984-85 year they performed in many functions. They supported the sports teams and entertained many students at rallies. The life of a cheerleader may seem glamorous, but it isn't at all times. The J.V.'s, as all the other cheerleaders, devote about sixty hours of their time a week to cheerleading. In addition to this, they have homework and other school obligations that they must fulfill. Many girls want to become cheerleaders for different reasons. They want to support and entertain their school and perhaps, as Sheila E. says, they "want to lead the glamorous life."

Page 172 Clockwise: The full J.V. squad includes Amber Dingess, Marcy Washington, Jennifer French, and Mina Lee. Marcy Washington performs a cheer with precision. Hardships Become Smiles

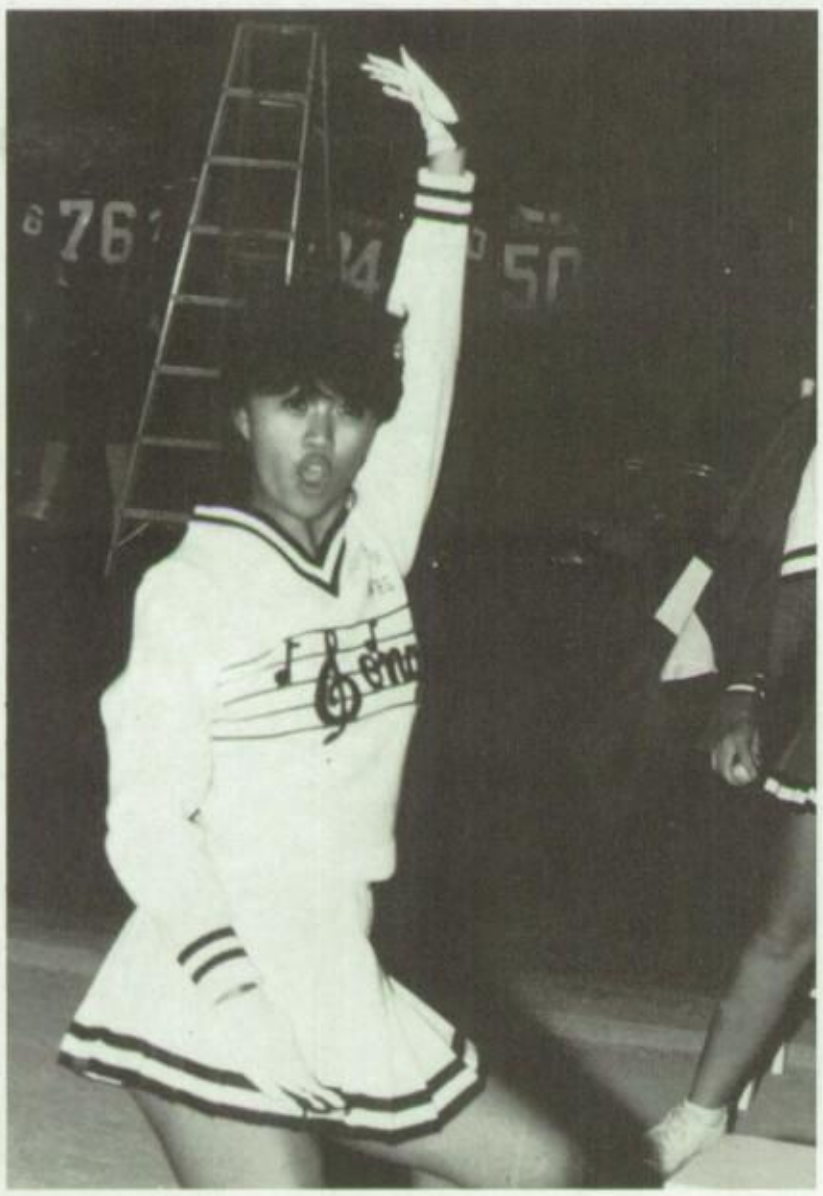
Freshman yell was the most inexperienced and the youngest group of cheerleaders at Artesia. Life was difficult, and yet their bright smiles, graceful jumps, and loud cheers continued, bringing more spirit to Artesia. And like any other cheerleader group, the Freshmen Yell Squad worked hard. They practiced during the summer and after school. They made up new cheers, perfected them, and performed them at many games. In addition, they had responsibilities at home with completing homework, studying for tests, reading books, while maintaining a high G.P.A. It took a lot to be a cheerleader, but a lot was expected of them. Flexibility, coordination, skill, grace, maturity, friendliness, and spirit were a few. And what did they get? No trophies; no certificates; just a few thank-you's from teachers and the self-satisfaction of knowing that the Pioneer spirit was alive through them, which probably was the greatest reward for being a cheerleader.

Uniqueness That Shows

The range was widespread for the 1984-85 song squad. Their music varied, their dances were unique, and they showed above average dancing techniques. They didn't have the traditional look of the song squads in the past. They set a new look. Illiana, Mik Yong, Susan, Casey, Danielle, and Janet all had their own styles and it seemed to the audience that they taught them to each other. From rallies to cheering at games, we could always expect something different from this outrageous squad. In every move and in every cheer we could see the pride these girls had in being songleaders. And this pride was carried through to the 85-86 squad, which had an equally successful season.



Page 176 Clockwise: Illiana Nuñez is just one of the talented girls on Song. Daniel Brooks, Casey Lopez, Mik Yong Pak, Susan Banuelos, Illiana Nuñez and Janet Bugay performed as the 1984-85 song squad. Sandy Ahyou twirls her rifle perfectly during a game. Karin Semaan in a perfect pose.

Everlasting Perfection

Continuing the extraordinary precision that the rifles have displayed in the past years, this "hot" rifle squad has definitely proven to be the best rifle squad Artesia has ever seen. Taking an award in every competition, it set a reputation for the future squads that will be everlasting. Under the leadership of the squads' captains, Mandy and Laura, Rifle is headed for perfection in the future years. The 1984-85 rifle squad was definitely a credit to Artesia.

Short Flags: A Real Asset

The 1984-85 Varsity Short Flags, consisting of Chris Vega (Captain), Wendy Meyer, Caroline Rioja, Kelly Yu, Euna Jo, and Gail Spangler, proved to be a real asset to the varsity squads. The long, exhausting practices and the choreographing of their routines seemed to have paid off. Their performances were outstanding. It was quite obvious from the beginning that this squad was united in every aspect, and this was proved by the award they received at summer camp. 1984-85 was the second year for Short Flags, and it proved that Artesia's Varsity Short Flags were here to stay. Now we look forward to an award-winning season by the 85-86 Squad.

Determination, Enthusiasm, and The Will to Learn

Sitting up in the rafters during intermission time at a football game, you must have wondered how the Tall Flag Team does such a good job. It can't be easy withstanding the cold night air, carrying flags that are taller than they are, and remembering the routine. It isn't very easy at all. In the beginning of practice, many girls had a difficult time learning how to do certain things with their flags. Determination, enthusiasm, and the will to learn won out in the end though. Tall Flags have performed at many places and for many people. They did routines with the band during football games, performed at rallies, and also marched with the band during a parade at Disneyland. They also performed in competitions against other schools. Out of five, they won three awards capturing fourth, third, and second place.

Athletes Benefit From Taking Part

Any school that puts a great deal of effort into its sports' program, as Artesia High does, knows that its students will get as much out of it. When asked, "What have you learned by taking part in athletics?" these students responded *(from the top left:)*

Mary Flatley: There's more to participating in athletics than people think. The necessities are sportsmanship, dedication, and plain hard work.

Gunnar Seedborg: I've learned how to get along with others and how to pull together as a team. I have also learned that I get along better on the field than on the streets.

Bruce Roos: I have learned how to perform better. I feel good about what I am doing and I give my best.

Michelle Goins: I have learned how to work to the point of pushing myself to the limit and to exert myself further.

Darryl Brown: I have learned that no matter what the opposition is, we can overcome them as a team.

Janet Tongsuthi: I wanted to support my school and while doing so, I enjoyed myself.

David Pope: Team effort and how to work hard.

Dawn Crawford: I like being in sports and I want a scholarship in sports, specifically track.

Mr. Kamper: I have learned that, above all else, a coach must be patient. It takes time for athletes to learn their sport and that rewards for effort and hard work may not appear until a season nears its conclusion.

Lisa Bjork: The things I have learned from athletics are good sportsmanship, rules and how to play the game, teamwork, and how to meet people. I think people benefit from athletics because it keeps them in shape and it helps them learn how to work within a group.

Montgomery Sets Goal; Team Pulls Through

During the summer of 1984, while most of us were at the beach or enjoying the "poolside view," the Artesia High School football team was toiling beneath the scorching sun. Under the watchful, and sometimes fiery eye of Head Coach Montgomery, the Pioneers prepared their bodies, as well as their minds, for the upcoming season. In between "up and downs" and "wind sprints," Coach Montgomery and his team decided that their goal for the season ahead would be to qualify for C.I.F. playoffs. After playing a pre-season schedule of teams from higher division schools and competing in our own Suburban League against La Mirada, the number one ranked Central Division team in C.I.F., Artesia's toughest slugged their way to an overall record of five wins, four losses, and one tie. The Artesia gridders reached their goal, qualifying for the C.I.F. playoffs.

Pioneers Finish With 10-0 Season

All teams start the year thinking about a possible perfect season. This year's Artesia J.V. football squad did not just dream about it, they did it! Led by a fine oiled offense, which averaged over 30 points per game, and a rock solid defense, which allowed an average of 5 points per outing, the young Pioneers rolled to a 10-0 season mark. On offense, the team was led by the outstanding plays of Brian Smith, Vic Matos, Kenya Smith, and Darren Bass. The line play of Guidotti, Medina and Mills was excellent. On defense, standouts were Bruce Roos, Jamie Deyge, Wolf Schlicht, John Urias, and Dan Bugay. By putting all the right ingredients together, the team spelled "CHAMPIONSHIP" in capital letters.

Freshmen Finish Second

The Freshman football team finished 7-2-1 overall, and 4-1 in the Suburban League to finish second place. Team leaders in specific categories were Damon Rainey in rushing with 737 yards on 56 carries, averaging 13 yards a carry for 11 touchdowns. In passing, it was Mark McAfee throwing 61 completions for 927 yards and 12 touchdowns. His primary targets were Damon Rainey, Matt Armenta, and Craig Ray. In defense, Mike Archuleta led the team in tackles with an outstanding total of 113. Dammon Rainey followed with 69, Mark Blakeley with 62 and Dean Grag with 54. In sacks, it was Damon Rainey with 4, Mike Archuletta with 3, and Matt Armenta with 2. We would like to thank and congratulate Coach Stapp and Coach O'Donnel and the rest of the team for their time and effort. Good luck next year.

Girls' Varsity Volleyball Chosen Season Favorites

This year Varsity Volleyball ended up fourth in Suburban League. The team lost 5 of 6 matches by narrow margins. A win in any of the five would have been important in the standing. The team leaders were Lanelta Smith, Coleen Shanks, and Valerie Morua. With the return of their juniors and some super sophomores of the League Champion J.V. team, the Pioneers have been picked as the season favorites to win the League Championship in 1985. Congratulations to all the girls on the Artesia volleyball team.

J.V. Volleyball Takes First Place

This year's J.V. volleyball team proudly took first place in the district and won all but two matches out of twenty. They worked extremely hard in every way: physically, mentally and socially. Exercising, running nonstop, good timing, coordination, getting along well with teammates and, most importantly, skill, were the qualities that made an Artesian J.V. volleyball player. Not everyone could be on the team. The coach, Ms. Gallagher, selected eleven fine players to represent Artesia High and to lead it to the top. Their friendship allowed each to depend on the others. They cheered each other up, building enthusiasm, spirit and confidence. Because of this friendship, our team reached the top.

Water Polo Highlights

Varsity Water Polo has become an integral part of Artesia High's sports program. The H_2O players participate in some of the most exciting athletic events here. Under the direction of Coach Guzman, the season was a rewarding one, played by many promising sophomores and juniors who set a fast pace in this strenuous sport. The overall record was not at all indicative of the true talent on the team. Led by Frank Rangel, Justin Benson, and Henry Villegas, the squad managed to turn in many respectable performances. Among the highlights of the year was the outstanding work of player Frank Rangel, selected for the All-American Team. With the 1984 experience, the 1985 season should prove to be a winner. Coach Guzman said that water polo is bigger in Southern California than anywhere else in the U.S. "We also have more talent here," he said. He encouraged students to come out and watch our water polo team play one of the finest sports in California.

Tennis Team Fights With Determination

Move over, Martina and Chris, and make way for the Pioneers! The 1984 girls' varsity tennis team consisted of nine players. Three were singles, and six were doubles players. The single players were Rasha Soliman, Monica Schlicht, and Gladys Kuan. The doubles players were Arada Vorachard, Laura Hernandez, Janet Tongsuthi, Christina Peters, Tamaki Maryrioka, and Shirley Yip. Together they fought with determination to do their best while playing. They attended practice everyday after school along with their coach, Mr. Ryder. They worked on their weak points, while improving their strong ones. Coach Ryder felt that the girls, with more practice, could have won more. He said that next year's team, if they practice in the off-season, will have a chance of becoming Number One in the League.

Water Polo Plays Fundamental Ball

At the beginning of the season, the majority of the Frosh/Soph Water Polo team did not know much about the sport. Therefore, Mr. Menchaca, new to the coaching staff this year, concentrated primarily on fundamental water polo drills such as swimming, shooting, and scrimmaging. And this year, for the first time in the history of Artesia High School, girls participated in the sport. Rhonda Caron and Amy Badovinac, both sophomores, found that they were treated no differently than any other member of the team. Mr. Guzman commented, "Most of the guys have seen girls on other teams before, so they were accustomed to having girls on the team." When asked to name the team's oustanding player, Coach Guzman immediately stated, "Pat Carlin, Walter McMahon, and Mike Watts." All three players played fine defense and offense.

Girls' Track Makes Early Good Impression

The 1984-85 Girls' Track Team consisted of many fine athletes, with the most consistent performers being Shelley Schack, Dawn Crawford, Lori Johnson, Lanetta Smith, Sharon King, Kelley Richardson and Varisha Wofford. This year, Girls' Track Team went for its third Suburban League Championship in a row. But Coach Kamper was at first concerned that the team lacked enough depth to repeat for a fourth time. However, he was impressed by the early season performances of Freshmen Dawn Crawford and Varisha Wofford. League Champions Shelley Schack and Lori Johnson, with 1985 CIF medals, provided the experience and leadership necessary for another year of success!

Page 202 Clockwise: Sara Lewis and Varisha Wofford take early lead in the 100 meter dash against Gahr. Julitte Fernandez explodes one thirty feet in the shot put. Varisha Wofford runs down Gahr High runner in the 400 meter relay.

Boys' Track Completes Strong Year

The Boys' Varsity Track team had a very strong year, and once again defended the League championship. Returning runners were Mark Luedtke, in the 100 and 200 yard sprint relay and mile relay, and Chris Advincula, in the high hurdles and low hurdles. Jeff Quan performed well in the hurdles and sprint relay, while Jerome Scott and Randy Smith did well in the distance races. In the field events. The Pioneers were also outstanding, with Terry Williams in the triple jump and Greg Razor in the shot put and discus.

Cross-Country Holds Own

Led by sophomore sensations Steve Mayes and Mike Bohannon, Artesia's cross-country team just missed qualifying for a CIF berth this season. Junior Randy Smith and Seniors Mark Williams, Steve Davila, Mike Greenwood, Robert Copeland, Jarvis Crawford and Howard Chew round out the rest of this fine team. The harriers competed in the Buena Park Invitational this year as well as the prestigious Palos Verdes Invitational. Holding their own at both invitationals, the Pioneers made a name for themselves. The prospects look bright for next season with three of the top five runners returning, and a strong core of frosh/soph runners led by Jim Ma. In the final League results, the two top varsity boy finishers were Steve Davilla, who came in seventeenth, and Mike Greenwood, who came in eighteenth. The frosh/soph finishers were Steve Mayes, League champ, and Mike Bohannon, who came in third.

Winning Season for Cross-Country

Coached by Mr. McHatton, the girls' cross-country team did remarkably well having only four runners. Mary Flatery helped guide the team to finish a good season. Dawn Crawford had a sensational season by coming in first in League and going C.I.F., plus she was only a freshman. We expect bigger and better things from Dawn as years go by. Michelle Seifert and Missy Carter put forth a commendable effort and helped the team tremendously. Next year we look forward to another good season for Dawn, Michele and the other runners to bring the League title to Artesia High.

Spirit Guides

J.V. Tennis

This year's J. V. tennis team worked hard with spirit and enthusiasm. However, because of lack of team members, they weren't as successful as they would like to have been. The team members were Christine Stava, Angie Ibarra, Sharron Howard, and Jan Pitaknarongporn. They were forced to forfeit points because three more people were needed for the team. Instead of working on winning, however, they worked hard on improving their skills throughout the whole season. Although the team struggled through the season, the result was not disappointing. In regards to their determination, courage, and improvement, they're #1!

Skill, Balance Lead Varsity to Championship

This year's Varsity Basketball team was one of the most balanced that we've had in the last few years. "There have been no superstars on this team," noted Coach Ackerman. All the players worked together to achieve success. Mike Datcher was the leading scorer, but it seemed that someone else would take up the slack if Mike had an off night. The team was once again League champion and advanced to the C.I.F. play-offs before being defeated by a strong El Monte team.

J.V. Basketball Captures League Championship

The Artesia J.V. Basketball team has numerous reasons to take a bow. They finished the League with a 10-0 record and received the title of "League Champions." They brought us some outrageous home games and proved that they were capable of doing the same in away games. The team brought Artesia the pride and joy of being #1 again. Coach Stan Brown said, "Good team offense and an aggressive defense provided wins in key games." The team leaders were Jesse Oller averaging 12 points and 12 rebounds, Darren Bass averaging 16 points, Pooh Thompson averaging 8 rebounds, Daniel Bugay with 5 assists, and Victor Matos with 9 rebounds. Strength off the bench was Rob Benson, Kenya Smith and Aaron Rutherford.

Freshman Basketball an Exceptional Team

The 1984-85 Freshman Basketball Team was exceptional. The young Pioneers played 27 games altogether and lost only six games, finishing with a 16-6 record overall and a 9-1 record in League. The talent of the team also showed in their scoring statistics. In League, they averaged 64 points a game. In addition, Artesia's Pioneers had a sweet victory over arch rival Gahr with a score of 59-49. In the Santiago Tournament, the Pioneers captured the Consoltation Championship. In the second round of League, the team had a 20 point blow-out victory over Norwalk. The most positive achievement of the team came towards the end of League. They had an eight game winning streak to capture the Suburban League Championship title. Such a successful season came about because of great talent and great coaching by Mr. Johnson. The talent included Chandel White, Mark King, Mike Beadle, Chris Rollings, Donnie Hagberg, and Martin Hammonds.

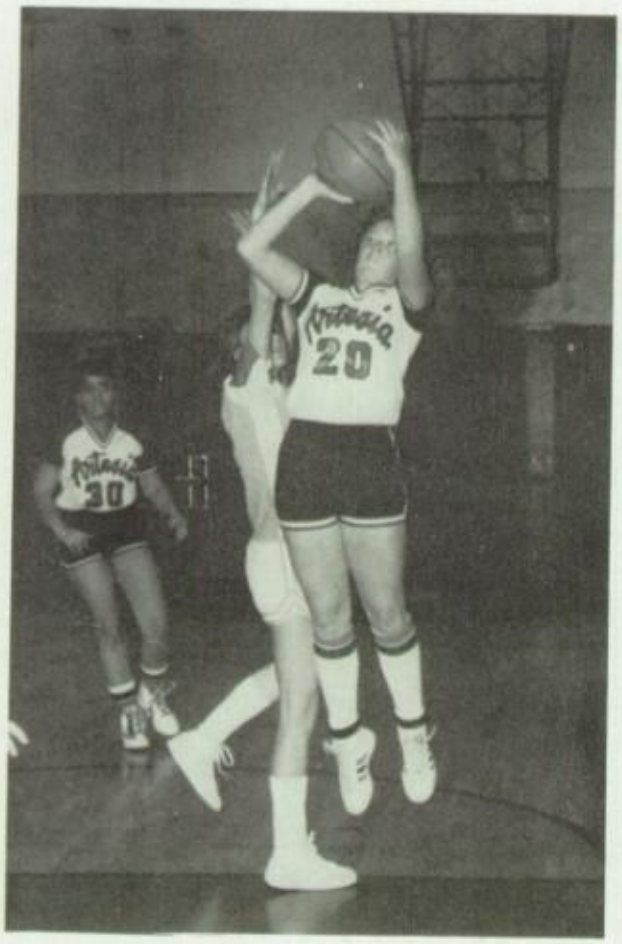
Fast Ladies Capture Fifth League Championship

The Fast Ladies continued on their way as winners, with a season record of 18 wins and only 6 losses. The Fast Ladies also captured their fifth consecutive League championship with 9 wins and only 1 loss. The team was led by the League's Most Valuable Player, Shelly Schack, first team All-League Tammy Dupuy and two second team All-League players, Estela Guiterrez and Cerise Snuggs. In his first year of coaching, Terry Goddard was deeply appreciative of the attitude and effort shown by his Fast Ladies this season.



J.V. Basketball Works Hard, Gains Success

This year's J.V. basketball team worked very hard and had a successful season. In League, their record was 8-2, facing defeat from only Mayfair and La Mirada. They placed second in the League. The team's most exciting game was against Garden Grove during the pre-season play. The win was impressive, 31-30, coming back from a second quarter deficit of 22-2. Although next year's team will be a young one, Mr. Kamper is looking forward to seeing the following returning players: Natalie Hollis, Janet Setefano, and Christie Malohi.

Exciting Season for Varsity Soccer

The 1984-1985 Varsity Soccer team had a sometimes disappointing but always an exciting season this year. The team was led by Co-captains Chon Gonzalez, Richard Ibarra and Pedro Archiaga. The team took second place in League and played the third seed in the first round of CIF play-offs. Artesia played as a wild card against Rosemead. After an exciting game with two overtimes, Artesia suffered it's last loss of the year. This loss was the result of Rosemead scoring off of penalty kicks in the second overtime. Artesia ended the season with eleven wins, seven losses and one tie game. The team was guided to this fine showing by Coach Sarfaraz. This was not only Coach Sarfaraz's first year as our soccer coach but also his first year at Artesia. He was assisted by J.V. Coach Bruce Miller.

J.V. Soccer: Talented, Skillful, and Tough

As Artesians, we have many things to be proud of. Artesia teams seem to excel in all they do. The Artesia J.V. Soccer team is no exception. The 1984-85 team, led by team captains Jesus Aguino and Abel Diaz, placed third in the Suburban League. They finished with seven wins, five losses, and seven tie games. When asked about his team, Coach Miller replied, "The Artesia J.V. Soccer team was very talented, very competitive, and recognized as a skillful and tough team to play. Other coaches have recognized them as the team with the most potential." Best of luck to all the 1984-85 J.V. soccer players as they struggle to achieve their full potential next year.

Varsity Wrestling Undefeated

This year's varsity wrestling team went undefeated in the Suburban League with scores proving their superiority. Scores like 62-6 over Glenn and 48-20 over Norwalk showed our league we were a force to contend with. Outstanding individual efforts were turned in by Darryl Brown, fifth in C.I.F. and League Champ, and Mike Davidson, sixth in C.I.F. and a League Champ. Returning wrestlers who should make next year's season just as impressive as our 1984-85 season are Jon Davidson, Chris Hensley, Dino Eliopulos, Wolf Schlicht, Max Young, and Danny Trujillo.

J.V. Wrestling Undefeated

This year's J.V. wrestling team did very well; it went undefeated in the Suburban League with scores which showed its domination over other teams. In almost every game our team scored at least twice as many points as the other team; in two games we scored over five times that of the other team. Next year, the returning J.V. wrestlers should make the 1985-86 season impressive too.

Red, White, Black Play Proudly

Girls' Varsity Softball started the season by raising money for new uniforms. The new uniforms came just in time for the 1985 season. The season began slowly, but as it progressed, the team became successful. The main competitor came from Mayfair High School. The young team had to follow last year's superb season, and considering that it was a rebuilding year, the players carried the red, white, and black proudly. Thanks for a great season.

J.V. Softball: Hard Work Pays Off

The J.V. Softball Team began with hard work from all the outstanding players. The work paid off when they won their first scrimmage game against Warren. Esta Nash, Rosemary Berneal, and Michelle Abbot gave outstanding efforts for that win. Coach La Rosa worked the team hard in preparing for the 1985 season, and with the beginning of league play, the team showed enthusiasm as it fought for the Suburban League Championship. The entire team gave 100%

Baseball Finds Strength in Hitting

The Boys' Junior Varsity Baseball team had a succesful season. The team had several goals at the beginning, and by the end, many of those goals were accomplished. The team was led by Jamie Deyoe, Jason Armenta, Jim Moreno and Mark McAffee. Coach Goddard remarked of his team, "Hitting was their strength."

Good Defense, Timely Hitting Pull Varsity Through

The Artesia Pioneers entered the new season with youth and enthusiasm. This year's baseball team consisted of ten juniors, three sophomores, and only three seniors. Returners who led the Artesia nine were veteran starters Ray Martinez and Todd Guggiana. Mike Lau and Gunnar Seedborg handled much of the pitching chores, while newcomers John Hatten, Brian Smith, and Scott Smith saw time on the mound. First year varsity players Shane May, Ron Gossett, Steve Rott, Tim Armenta, and Vic Matos supplied good defense and timely hitting for the Pioneers.

Dedication and Drive Push Frosh Team On

Freshman baseball players showed strength and courage as they played an exciting '85 season. And though they were new to a bigger school, each and every player put a tremendous amount of dedication and drive into the raw freshman team. Their talents progressed as they struggled to better themselves. As the season pushed on, their team showed skill much improved. By the end of the season, members of the young freshman team were satisfied that they had played a successful season.

Artesia's Stamina Brings Success

Serious training and hard work are important in all sports, but to become proficient in swimming takes something extra. A swimmer must have an extra amount of stamina to be the best, and Artesia swimmers have just that. The 1984-85 Boys' Swim Team experienced a building year. Varsity swimmers Frank Rangel and Henry Villegas led the team through the season because of their previous varsity swimming experience. These young team members helped insure the swim team a successful season.

Endurance, High Performance Seen

Swimming is the one sport which exercises every body muscle, and the girls who participated on the 1984-85 Girls' Swim Team found out how difficult that could be. However, several returning swimmers got together to bring Artesia some exciting, and wet, matches. The coaches were very proud of their teams, for they had what it took to be true Artesians. Their endurance and high performance showed when the girls were practicing long and strenuous hours. The team believed in "No pain, no gain," and their hard work paid off.

Golf Team Improves as Season Progresses

This fine young team showed plenty of potential with Darren Cropley the only senior and the rest underclassmen. As the season progressed, the scores of the young golfers dropped into respectability. This year, most of the matches were played at Los Amigos County Club, Rio Honda Country Club, La Mirada Country Club, with Lakewood Country Club being our home course. The team was led by Scott Yamaguchi, Randy Redmann and Terry Yun.

High Hopes of Coaches Justified

Whoever said there could never be another McEnroe or Connors? There just may be a few guys just as great, if not greater, right here at Artesia. Look no farther than the Boys' Junior Varsity Tennis team. The boys, along with their coaches Mr. Ryder and Mr. Montgomery, started the season with determination and optimism. Many boys tried out for the J.V. team, which consisted of four singles and two doubles teams. Practice was held every day, and some even practiced on their own time trying to achieve self-improvement. Practice, which started in January, was held after school from 2:30-4:30. Practice games started on February 10th with League beginning in March and ending in May. The coaches' high hopes were justified as the team posted a fine record and eliminated almost all "puppy" shots. A few outstanding JV players included Mike Manio, Chin Kim, Stee Lin, Ernest Kim, and George Chang.

Varsity Tennis: a Team With Finesse

What makes an Artesia High School student want to play tennis? The Artesia tennis players participated because they wanted to represent their school in the sport that they genuinely enjoyed. Unlike professional tennis, high school level tennis is a team effort. The varsity team consisted of eight players: four singles and two sets of doubles. According to Head Varsity Coach Ryder, this year's varsity squad was basically "a team of finesse." Ryder believed his team was at its best when they were hitting "the right shots," instead of trying to overpower their opponents. The team was led by returning letterman Steve Lee. Other contributing players included John Aoki, Eric Rhim, and Eric Mark.

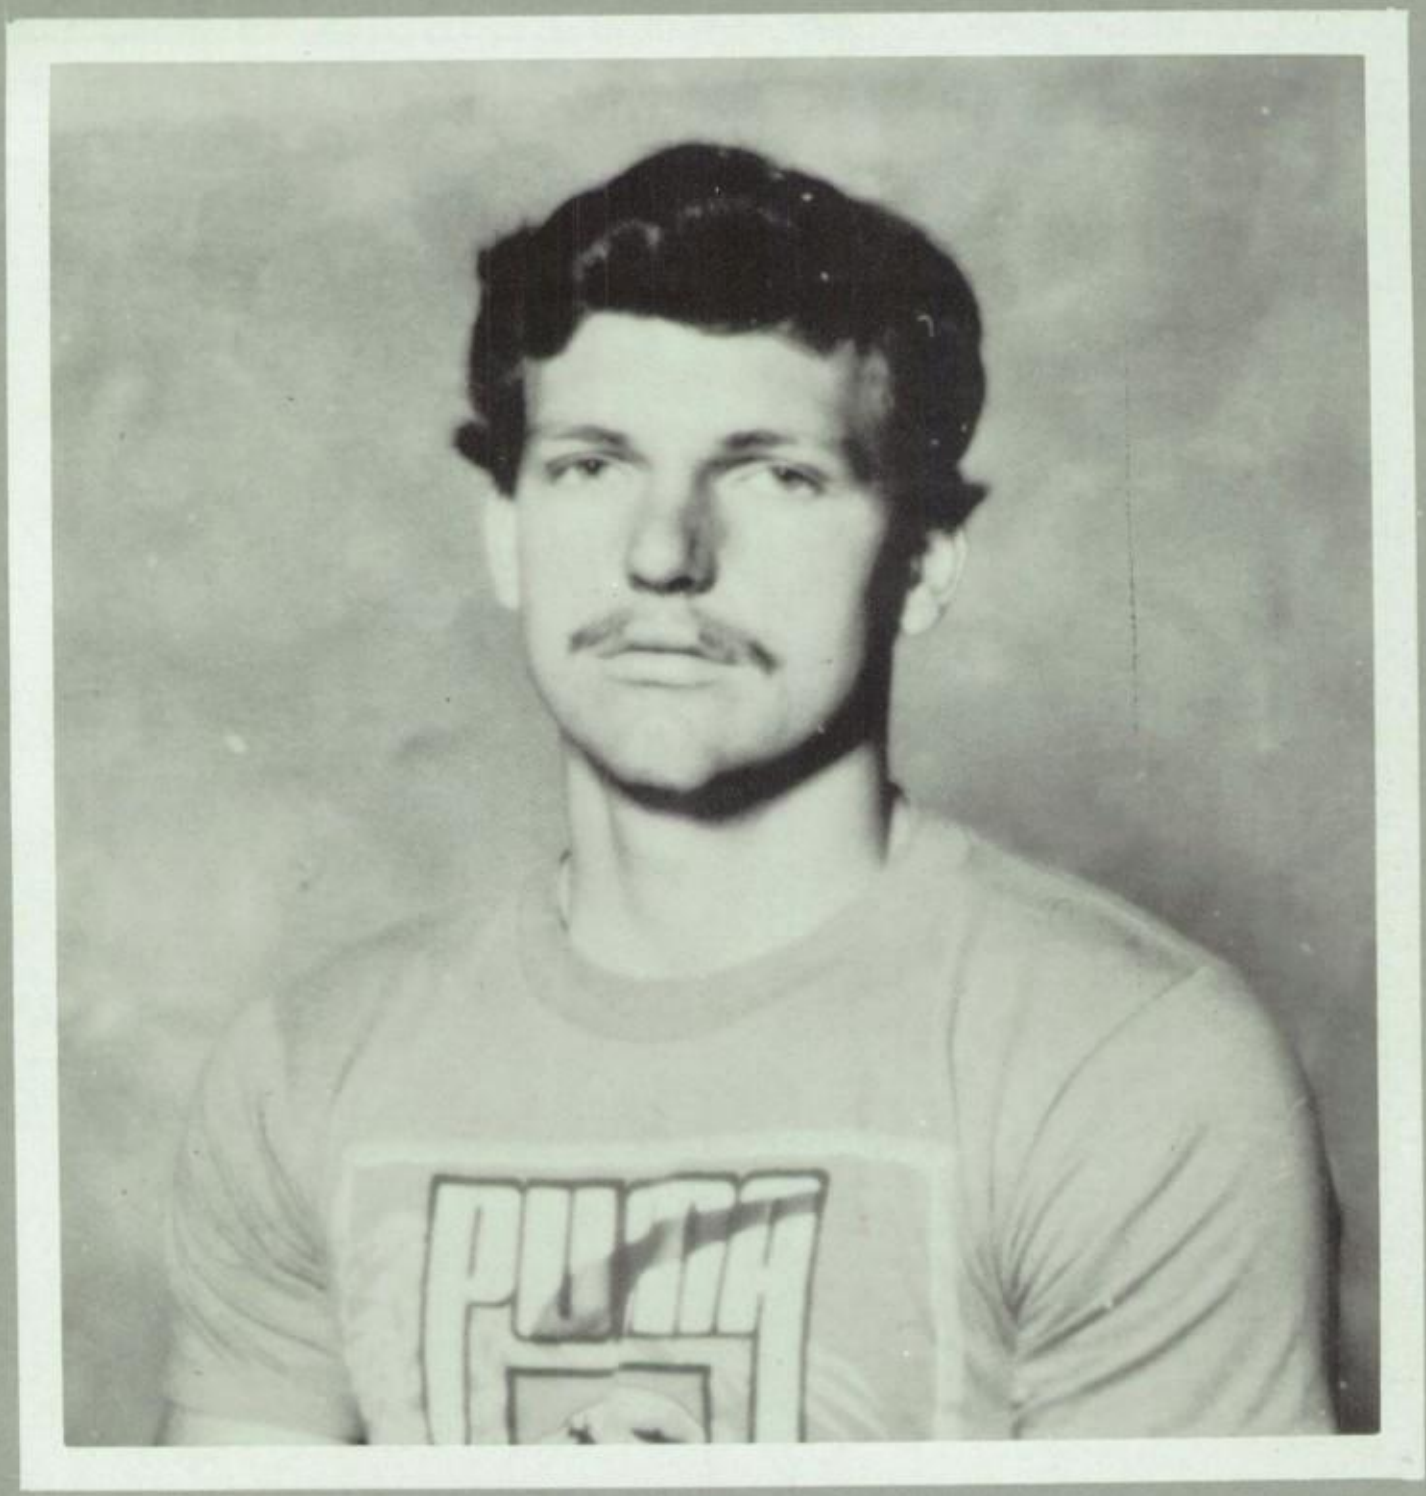
Tammy Dupuy

Athlete of the Year is the title given to the individual who best represented Artesia High in four years of athletics. This year, we are proud to present Tammy Dupuy with this honor. Tammy has been involved in softball, basketball, swimming, and volleyball. She has led her teams to C.I.F. quarter finals in both softball and basketball. Her individual honors include First Team All Suburban League selection in both sports. Congratulations, Tammy, and thank you for four years of excellence.

Recognized for Excellence



Greg Rasar

Artesia High Schools' male Athlete of the Year for 1984-85 is Greg Rasar. Greg came to Artesia in the spring of his Sophomore year and excelled in football and track.

In football, Greg was 1st team All Suburban League and received further recognition by being selected to play in the 605 All-Star game.

Track season was a continued success as Greg became the Suburban League Champion in the shot put and the discus for the second consecutive year. In so doing, Greg established a school record in the discus with a throw of 153 feet.

Congratulations to Greg on on outstanding athletic career at Artesia High School and for being selected ATHLETE OF THE YEAR!

Hail Chief

In this 1984-85 school year, we had many achievements . . . and just as many losses. One great loss for Artesia was a certain English teacher, an English teacher highly esteemed, of great knowledge and kindness, an English teacher loved by one and all. His room, located in the 200 building, was always glowing with the aura of joy and laughter. Ask any students who had him, and you always received a loving, positive response. Unfortunately, this wonderful asset to Artesia's English Department retired this year to start a new and happy life on a ranch in Texas. Of course, we're talking of Mr. Bill Cowan. We'll miss you Mr. Cowan. Remember — we have always been, and always will be, your friend.

Artesia Proved To Be Better

"Artesia High is Number One" has been heard all over campus. Being National Exemplary School of the year proved this fact. But to get to the top, we needed the best people and the highest goals. Artesia High had the right people and the achievements. When these were put together, Artesia proved to be better than the best. The students knew they went to an outstanding school, so they tried to be outstanding themselves. If it weren't grades, sports, or student government, the students got involved by having a positive attitude. The teachers cared about the students and wanted them to succeed in and out of school. The administration, from the principal to the secretaries, cared about the students and teachers. The extra boost they gave us all was reflected in the classroom. Their positive attitude and support was passed on to the students, and it made us feel great. We won trophies and awards in our striving for excellence. Not only were we recognized by our city, but also by the whole country. Our athletic groups made Artesia shine as their athletes became the champions of many sports. Our band brought home trophies from their great performances at tournaments. When these awards were put together, no one could deny our accomplishments. When others view the basic elements of our school, what can they expect but the best? In every area, from education to athletics, Artesia has been noted for its excellence. And knowing we are the best makes us proud to be called "Artesia Pioneers."

ALMA MATER

To the spirit of Artesia, to her colors true and bright
We'll always have the spirit of the red and white
Through the years her truths shall guide us
In her wisdom we'll see light
We'll always sing the praises of Artesia High

Shawna
We made it! It feels great too. I hope you had as good a time in high school as I did. Artesia was bunk, but it didn't destroy my love for fun. It's too bad we never got a chance to get together, but who knows maybe things will still work out for us. If not as a pair, individually. Have a great after High School Life

Dear Shawna,

Well, another year has gone by. It's been a great year for me & I hope it's been even better for you because it's your last year at Artesia. You have been a sweet person throughout the years I've known you & I hope we can continue to be friends. Remember, you were here to listen to my problems?! I want to take this time to tell you that I appreciate everything you've done for me. Take Care Always 'Cause I Care. May God Bless you & Guide you throughout your life.

I Love ya,
(I mean that, too)
